

**Baseball Team Set For Opener**

The Trojan baseball team will swing into action this afternoon, April 14, against Brighton in the opening game of the 1955 season.

With a number of letter winners back from last year's team, the Trojans should offer stiff competition for all comers.

Holding down the first base slot will be Bob Snell, elected team captain. At second will be Sam LaBrecque, a newcomer to the club, while Hank Bradford is slated to handle the duties at shortstop. On third will be Duane Roy, Jim Jones, Bob Soop and Roy Carillon will be likely starters in the outfield.

Bob Grose will handle the bulk of the work behind the plate while Glenn Reed will again be called on to carry a major portion of the pitching load.

**Senior Highlight**

This week's Senior Highlight is good ole Abigail, (better known as Judy Gardner).

I say Abigail, because she played the part of Abigail Abbott in the Senior presentation, "Mother is a Freshman." Incidentally, she had the leading role.

Judy has attended Clarenceville since the third grade, so I don't think it would be too untrue to say she's a native of Clarenceville. If you don't already know Judy, let me tell you a little about her. She stands 5' 7 1/2", weighs 130 pounds, has hazel eyes and dark brown hair. (I say it's black, she insists it isn't.) As for best friends, she lists Roberta Barnes, Naomi Ashley and Bonnie Jacobs as tops in that line. Her favorite food is spinach steak, but we who know Judy can assure you she'll eat anything edible. Mrs. Mary Dudley Vosburg is her favorite teacher, and home-making her favorite class. She loves the music of band-leader Ray Anthony, and swoons to the singing of Tony Martin.

"This is My Story," by Jean and Lita, she lists as tops on her present hit parade.

Since we're on the subject of singing, I might say that Judy has a pretty good voice herself. She participated in the P.T.A. Variety Show, was seen recently in the Farmington "Fine 'n' Dandy" Minstrel Show, and the Junior Variety Show in the C. H. S. gym.

Her future ambitions are to go to college where she'll take up speech and dramatics. (She got a part in a play with the "World Stage" Theatre group in downtown Detroit.)

Whenever she has spare time, she goes to the Arthur Murray Dance Studio in Detroit, where she's learning Latin American dances. Judy's also a graduate of the John Robert Powers Modeling School, so we say that this gal is versatile.

If this gal doesn't have ambition plus, I don't know what you'd call it then.

This is where we leave this week's Senior Hi-Lite but will see you again next week with some more facts on the Seniors of old C. H. S!

**ATHLETIC FIELD**

The hottest subject around C. H. S. right now is the lighted athletic field. Everyone is eagerly looking forward to the time when we can have a new football field, night games, improved bleachers, and adequate track facilities. Not only will the lighted field bring improvement to the appearance of the school, but it will help to promote good sportsmanship and good school spirit.

The only way that the dreams of the lighted field can come true is for each and every one of us to help in the fund-raising campaigns being carried on by the local organizations of the community.

In the school building, various clubs are planning to start money-raising campaigns to help put the dream of the lighted field into reality. Won't you help by supporting the local drives in every way you can?

The ability to discriminate between that which is true and that which is false is one of the last attainments of the human mind.
