And three times we've scratched this out — we just can't seem to git goin' today and if we said we had spring fever you'd probably wanna know what our excuse was fer the rest of the year — and what could we say?. Wish some of you folks would give us an idea fer a new kind of ad besides us just printin' something with a price behind it. That seems so kindda lunfriendly and we just don't wanna be like that — but if we wanna keep dur job suppose we'd better suggest somethin' to eat here. Don't seem quite so hard to do now that fresh asparagus is on the market. That goes with most all kinds of meat. Now take a lainb shoulder roast fer 49c a lb and some mint jelly what we got some of and asparagus fer 25c a bunch. Mix up a salad and you're all set. If yuh don't care about lamb there's a beef chuck roast fer 39c a lb. with browned spuds, creamed asparagus, and some of that new apple jello salad. That's good eatin, too. Suppose you'll kindda need some. Vlasic butter fer 59c a lb, or do you want some Defiance oleo fer 19c a lb.? Coffee too — there's Hillsrfer 89c a lb. Fer dessert this is the last week on Swans Down instant cakes. We're gonna tear that display down so better grab off whatcha want while it's 35c a box or if you want 3 of 'em that'll be \$1.00. Things bein' what they are — suppose we's should tell yuh we got all our seeds on display and haye some of them settin' onions and fer you gals that like to work outside we have some of the cutest work gloves you ever did, see — they're built special fer gals, kindda little like. And three times we've scratched this out - we just can't seem to gloves you ever did see — they're built special fer gals, kindda little like.
