### ANCTUARY AT KENSINGTON PARK

A change in name and improved

Kenshugton Metropolitan Perk, Wildwing Lake is the new name of the 69-aere lake, announced by Kenneth L. Hallonbeck, director of the litron - Clinton Metropoltan Authority.

The lake is located at the southwest each of the park near U. S. 1 dand be separated from 1200-aere Kent Lake by a narrow strip of land. It is a spring and fall gath-

Reat Lake by a narrow strip of land. It is a spring and fall gath-ering place for thousands of ducks and Canadian gees and a newly constructed gravej bar in Wild-wisk Lake about 250 feet from the roadway between the lakes is ex-pected to attract the birds closer to store where visitors may get a bletter vise.

a lletter view.

Chief naturalist for the park
Authority, Bill Hopkins, said that
tye, corn and berry producing
shrubs would be planted at the
north; side of Wildwing Lake to
ungment the food supply for wildowt!

Along with the change in the ide's name, the former Beach ake nature trail has been rechris-ared Wildwing Trail.

She was born April 3, 1882, in etroit, where she, had resided

A Rosary Service was recited at the Spencer J. Heeney Funeral Home Monday evening. Funeral Mass was held from Holy Redeem-er Church, Detroit, at 11:00 a.m. Tuesday.

Fuesday. |Interment .was in Holy Cros: Demetery, Detroit.

## Looking Ahead By DR. GEORGE S. BENSON

(Continued from Page 2A), two business systems — a choice which involves the fate of democratic-civilization. We can choose a system in which the amount and kind of goods produced is determined by the impersonal mechanism. Aird of goods produces miped by the impersonal mech anism of the market, Issuing its decrees in the form of fluctuating prices (capitalism). Or we can choose a system in which this is determined by commands Issuing from a personal authority backed by armed force (Socialism)." Max Bristman throws the full weight of his wast experience and intellections of the control of the contr

### LIGHTING TIPS

The following are questions most frequently asked of General Electric Lamp Divson Residential Lighting authorities by families who are buying or building a new

home:,
What shall I look for when selecting lighting fixtures for a new home or when remodeling an older one?

er one? To avoid the same harsh light-ing effect of bare, unshielded bulbs, choose lighting fixtures with frosted, ceramic-enameted or opal glassware. These types of glass shields softly diffuse the light for most comfortable, easy-on-the-eyes lighting. Clear or thinly trosted class

on-the-eyes lighting.

Clear or 'thinly trosted glass
can't possibly 'smooth' the light
and conceal the bare butb. Avoid
those heavily painted or other
heavy glassware that are so
dense the light actually can't got
through.

including valance lighting for the

living room.

Remember, lighting fixtures like plumbing fixtures, aren't replaced as frequently as your floor and table lamps so don't be penny wise and pound foolish. Small, in wise and pound foolish. Small, in-expensive and inefficient lighting fixtures are no bargain. The night-time appearance of your home is depretent upon the lighting fix-tures you give it. Choose only those that can give service and provide most comfortable and at-tractive lighting for family living

lets for my family's needs?

### Plant Flowers In Vegetable Garden

A treat for eyes as well as ap-etites can be enjoyed by home ardeners who place on their ables flowers as well' as vege-ables grown in their own gard-

ens.
Not that a well-kept vegetable garden with its straight, rows of plants in varying tones of green, needs floral adornment. It delights the heart of its possessor to low upon it.

are usually cut and carried into the house to enjoy. Much the same attitude should govern the ameter-awn selects flowers to grow in vegetable garden rows: They should be the kind that make fine cut flowers, gfowing upright on strong, long stems. These will keep their proper place, and will be continued to the force with cuttivate will be continued to the contin of Mr. and Mrs. Cyril G. Johnson. 32493 Shadyridge Road, Farming-ton, recently completed basic in-fantry training at Fort Leonard Wood with a unit of the 6th Arm-ored Divison.

After induction into the Army at his home station, Pet. Johnson processed through the 5045th ASU Reception Station at Port Leonard Wood, where he regelved his initial Army clothing, and took the basic qualification and aptitude tests to determine his assignment in the Army after completion of Med Leviniae.

BLOO DSUPPLY.

It may be neessary for Oakland Coduty Chapter of American Red Dross to add one more blood-mobile to each month's blood driven of the blood program in the county, says that a stepped-up recruit-ment campaign will be necessary to keep the mobile count at six.

During March, Dr. Bauer perported, the county used 677 pluts and collected 600. That means a drain on the surrounding counties' banks.

The yearly quota of 8,000 pluts for Oakland County may not be enough if the month of March is any indicationers of Oakland's of basic training.

In the first eight weeks, he wastaught the basic elements of military life, how to defend himself
individually and with a unit, how
to live with other soldiers, basic
infantry techniques and other fundamental Army facts.

In schools taking part in the National School Milk program, children are drinking at least 50 for Jokhand County may not be per cent more milk than they did last year. Be sure there's enough if the month of March is made to the state of th

to look upon it.

But in the eyes of a visiting friend it may be even more beautiful it, among the vegetable plants and along the paths and boundaries, 'flowers have been skill-

Flowers like to grow in a vege-table garden. They like the sun-shine, the regular watering, abundant room, the clean cultiva-

bundant room, the clean cultiva-ion. These are conditions rarely found in crowded borders, too liten overshaded.

This is so true that many flow-er specialists, who start out grow-ing their favorites in decorative borders for landscape effect, soon blandon this method in favor of straight rows, which are so easy to keep clear of weeds, to water and fertilize, and which insure each plant an abundance of root-

room.

Instead of landscape effect, they find their pleasure in perfect plants, and ideal flowers which are usually cut and carried into the house to enjoy. Much the same articlas should govern the ame of the best in the United States.

The two camp buildings command low, rolling hills overlooking the Huron River in the Proud ing the Huron River in the Proud Lake recreation area. Group camps are used year-around by school, church and other groups. Michigan has 16 of these camps. To emphasize nature study, entire classes move to these camps for periods of one or two weeks during the school year. In the summer, church and other groups use the camps to give city youngsters inexpensive country vadations.
