City Water Mains

(Continued from Page One)

able to open construction bids by June 6. The Council has already authorized the City Attorney to draft the necessary bond ordinances. The proposed ordinance is expected to be introduced at the May 16 Council meeting.

Tentative stated that the new well facilities will increase the maximum volume of water available by about 83% over the present. The addition of a third well in the City Park last fall will provide about 45% more pumping capacity as compared to this same period in 1954. These improvements will be offset to some extent by the increased use due to population growth.
