AN OPEN LETTER . . .

At a recent Township zoning meeting it was suggested that some means other than "just the ENTERPRISE" be used to inform the public regarding public hearings. The point being that more people would

thus be informed and would participate in the activities.

Similar comments and requests have been made before at various public meetings. Thus we think it is time to spell out the real facts.

- 1. The ENTERPRISE is Farmington's Home Community Newspaper. It is the only paper devoted exclusively to the Farmington
- 2. The ENTERPRISE is the official publication for City and Township notices. This affords the widest circulation possible without excessive expense to the taxpayers.
- 3. The ENTERPRISE is experiencing a tremendous growth in circulation. During the past 10 months 816 new paid subscribers have been added to the list. It's a fact that if every ENTERPRISE reader attended any single public meeting there wouldn't be a hall in this community large enough to accommodate them.
- 4. The ENTERPRISE is doing everything possible to encourage a larger paid circulation. It should be "MUST" reading to every citizen of the Farmington community. There is too much to be lost by not knowing what's going on. The \$3.00 per year subscription rate is a small price to pay for information of such vital concern to you!
