

Automotive crash injury research at Cornell University Medical College shows that about 40 per cent of all drivers injured in accidents are hurt on the steering assembly.

The "Do-it-yourself" vogue is credited with a sharp increase in accidents in the home — most of them due to furniture making, careless use of saws, knives and power machinery.

Along the Creek in Woodcreek

The Alger Clarks of Wellington Road have returned from an eight week motor trip through the Western part of the United States and Canada. They left on July 5 and enjoyed 9,000 scenic miles of motoring.

Some of the highlights of their trip included the annual "Stampede" at Calgary Resort in Canada, which was doubly festive because it was also a 50th anniversary celebration. Lake Louise in the Canadian Rockies was strikingly beautiful with its background of huge glaciers. Alger and Alice spent a whole week there.

Then back in Washington State at Mt. Rainier where the temperature was only 42 degrees on July 25, with six-foot snowbanks surrounding Paradise Inn. On through Grand Mount Hood was covered with deep pink rhododendrons in full bloom. Alger was impressed with the deep indigo blue of the Lake in the southern part of Oregon.

They went through the Redwood Forests and spent three days in San Francisco. Then on to Sacramento, California, where they swam in Lake Tahoe which is on the border between California and Nevada. They visited the ghost town of Virginia City, a tourist attraction, recontacted with saloon and "Old Opry House" to represent the booming mining days. Salt Lake City was a restful stopover for four days. Then through Rocky Mountain National Park and Colorado Springs where they spent four days and even walked across the gorge on the world's highest bridge. They arrived home on August 26.

June Bieker of Eastbrook Court was honored guest at a baby shower given for her by her old friend and neighbor in Forest, Barbara Mullinix of Lantern Lane. Among the guests were Marion Lam and Betty Mershak of Woodcreek.

The Alex Kennedys of Wellington Road enjoyed a week end in Ipperwash, Ontario, with the Robert Cooks of Birmingham at the Cooks' summer cottage.

John and Lois Odol of Millbrook Road spent the week of August 17 at Traverse City with Mr. Odol's parents. A birthday celebration and numerous visits to relatives kept them busy in spite of the hot weather.

Mrs. Odol's son, Jim Corbett, who resides in Santa Monica, California, announced that she is now the grandmother of a baby girl, Susan Ann Corbett. This is Lois's first grandchild.

The Roy Nelsons of Wellington Road left on August 21 and flew to San Francisco, California, where they enjoyed a week at "Carmel by the Sea." Then they went to Los Angeles and spent a week. Ethel entertained six little nieces and nephews by taking them on an extensive trip through fabulous Disneyland. On their flight home, they particularly enjoyed the aerial views of the Grand Canyon. They arrived home September 1.

The small fry of Woodcreek are in the limelight again, as five members of the 1958 graduation class start kindergarten. They are Michael Dorman, Billy Reader, Douglas Lam, Denise Krieder and George Quart. A get acquainted reception was held last Tuesday

Papers of Soldier-Editors On Display At U-M

Three Michigan newspaper editors — named Blue Ink, Silk Paper and Quinquinn Quill — had a lot of fun on the job way back in 1946.

Actually the men with the fancy names were soldiers stationed at Fort Wilkins near Copper Harbor, Michigan, and their carefully penned manuscript, "The Agate," is part of the current exhibit on "Michigan's Northern Peninsula" at the University of Michigan's Historical Collections.

The facetious sheet, whose subjects range from politics to bears and wild cats, is headed by a small water color of Fort Wilkins, showing the barracks on a strip of land between Lake Fanny Hoce and Lake Superior.

CHRISTIAN SCIENCE

The vital importance of understanding God as the source of all true substance will be brought out at Christian Science services this Sunday.

Readings in the Lesson-Sermon entitled "Substance" will be made from "Science and Health with Key to the Scriptures." The indestructible nature of spiritual substance is also stressed in selections to be read from the Bible.

Studies by the Indiana State Police show that a passenger involved in a highway accident has a 2 to 1 better chance of escaping fatal injuries if he remains inside the protective shell of the vehicle.

INSURANCE?
DIAL Greenleaf 4-1600

In 1954, 2,500 community agencies, including hospitals and homes for the aged, received health and welfare services from Red Cross Volunteer Service Groups.

The hoist of all holidays are those kept by ourselves in silence and apart, the secret anniversaries of the heart, when the full tide of feeling overflows.

Kensington Park Sets Season Closing Dates

The Kensington Park Fishing Contest will close the night of September 11 and trophies will be awarded the following Sunday, September 18, at 3 p.m. Although the park will discontinue boat rentals after October 2, free launching facilities for private boats will be available as long as fishermen wish to use them.

Maple Beach, the smaller of the two Kent Lake bathing beaches, closed for the season after Labor Day. Marindale Beach will be open through Sunday, September 11, and may be in use September 17 and 18 if the weather is warm.

Serving At Naval Air Station In Maryland

Richard B. Stevenson, airman, USN, son of Mr. and Mrs. Alfred C. Stevenson of 23168 Floral Drive, is now serving with Air Transport Squadron 1 at the Naval Air Station at Patuxent River, Maryland. He has been assigned to the Maintenance Department.

The man who says that only time will tell hasn't had much experience with women.

You don't need a "BUNDLE" to wrap up this BONUS-BARGAIN

Thrill of the year is Buick—

Biggest-selling Buick in History!

(So we're trading high, wide—and then some!)

BLACKLOCK BUICK INC.

32411 GRAND RIVER AVENUE

GR. 4-1000

FARMINGTON, MICHIGAN

Sometimes, a bargain is measured by how little you pay. Sometimes, it's measured by how much you get. But here's one that's a whopping bargain by both measures. Because right now—for the leastest money of the year—you can buy the mostest Buick in history. That, Mister, is because we're adding a profit-sharing bonus allowance on top of the long trade-in allowances we've been making all year. And when we say the "mostest" Buick, we mean the most-valued Buick ever built—the one that has broken every record in the book—outselling by far all other cars except the two most widely known smaller ones. We mean the Buick that brings you the most for your money in terms of mighty VS Power—of real family-size room—of bold fresh styling. The one that gives you the most buoyant ride ever born of all-coil springing. And we mean the only car blessed by the smooth magic of Variable Pitch Dynaflow*—world's first transmission built on the switch-pitch principle of the modern plane's propeller. Come on in. We're ready and waiting to make you the deal of your life on the most thrilling Buick ever.

*Variable Pitch Dynaflow is the only Dynaflow Buick built today. It is standard on Roadmaster, optional at modest extra cost on other Series.
