

Cubs Plan Big Day At Park Sept. 17

Cub Scout Pack 109 will resume activities for another year following summer vacations on Saturday, September 17, with a program at the City Park.

Activities will begin at 9:30 o'clock with a morning of games, followed by a lunch at noon. All are asked to bring their own lunch. Pop and coffee will be furnished for drinks.

Any boys between the ages of 8 and 10 inclusive are eligible to join the Cub Scouts. Boys living in the Middlebelt, Noble and Shiawassee School areas are invited to the program at the City Park, along with their parents, to get acquainted with Cub Scout activities.

Cubmaster Bernard Leeger and assistant C. W. Fritz will supervise the morning activities. Mrs. Barnum is in charge of coffee and Mrs. Lovell will take care of the pop supply.

Good Samaritan in Johannesburg, South Africa, turned in a \$7,000 payroll he found in a black bag. Was rewarded with five shillings (70 cents). If crime doesn't pay, and honesty is its own reward, what DOES pay off?

MOST FIRES DUE TO CARELESSNESS, AUTHORITIES SAY

For the second year in succession the National Board of Fire Underwriters reports fewer home fires in urban United States. In communities of 2,500 and over, residential fires decreased 2 per cent in 1953 and again in 1954.

However, since 90 per cent of all are caused by carelessness, neglect and lack of understanding, this is only a small percentage of what can be done in cutting down the toll. Here is what you can do to help prevent a fire in your home.

The combination matches-smoking and misuse of electricity are reported for 40 per cent of all fires of known origin; therefore, home fire prevention should start at these danger spots. The following procedures will reduce the hazard of matches and smoking:

1. Keep plenty of ash trays handy - and use them.
2. Never use a lighted match away. Blow it out, hold it a second, then put it in an ash tray.
3. Before emptying an ash tray, be sure every match and butt is dead.
4. Never use a match to light your way into a dark closet or similar space where clothing or other combustibles are kept.
5. Before going to bed, especially after entertaining, see that no butts are smoldering on tables or upholstery.
6. Keep matches and cigarette lighters where children cannot reach them.
7. Never smoke in bed.

Electrical fires are less apt to occur if you follow these rules:

1. 15 ampere fuses are the safe size for most household circuits. Never tamper with them; never use oversized fuses.
2. Don't plug too many appliances into one outlet; you will overload the circuit. If fuses blow often, call an electrician. He will inspect the wiring and put in more outlets and circuits if he thinks you need them.
3. Look for the UL label on all electric cords and appliances you buy. It means they have passed Underwriters' Laboratories tests for fire and shock safety.
4. Don't let a "home handyman" tinker with electric cords, wiring or appliances. Such work should be done only by an electrician.
5. Don't string wires over hooks or around nails, or run them under rugs where they may be walked on. Insulation will break or wear out, and a short circuit may result.

The 360-foot long naval tank at the University of Michigan is the second largest in the nation and the biggest in any educational institution. It is used to test ship models.

TOWNLINER NEWS

Mrs. Frazier Hults
20450 HAGGERTY FARM, 1522-R4

Mr. and Mrs. Howard McCracken, Jr. announce the arrival of a daughter, Kim Darise, on September 5 at Mt. Carmel Hospital in Detroit. She weighed eight pounds nine ounces at birth. Paternal grandparents are Mr. and Mrs. Howard McCracken, Sr., of Twelve Mile Road.

Mr. and Mrs. Norris Hill are spending a few days at Midland and St. Louis, Michigan, visiting relatives.

Mr. and Mrs. Joseph Gragan and sons have returned home from a vacation in northern Michigan.

A guest at the Otto Rexin home is Mrs. Rexin's sister, Mrs. Ethel Kleinschmidt of Oshkosh, Wisconsin.

The West Farmington Farm Bureau will meet on Tuesday evening, September 20, at the home of Mr. and Mrs. Wendell Green of Drake Road. Discussion will be on the purposes and activities of community farm bureaus. Officers of the local group will also be elected at the meeting.

Here for a month's visit with her brother and sister-in-law, Mr. and Mrs. Andre A. Hansen of Haggerty Road, is Mrs. Henry Hansen of Copenhagen, Denmark.

Mrs. Dora Jones of Twelve Mile

County To Form Blood Committees

Oakland County residents have saved \$192,250 in the last year through the efforts of the American Red Cross blood program. But with the county growing as fast as it is, according to Mrs. John Blanchard of Bloomfield Hills, chairman of the blood advisory committee, blood must be gathered from all over the county in order to meet the need.

On Thursday, September 22, the blood advisory committee will meet at the chapter house, 118 Franklin Boulevard, Pontiac, to discuss the formation of area blood committees.

The committees have been requested by Dr. Ernest Bauer, chairman of the county's blood program. Committees will probably be set up in Southern Oakland County, Birmingham, and Pontiac. There will also be one for the out-county area.

Mrs. Dalton F. Sifton of Birmingham, chairman of mobile recruitment, will try to set up eight more mobiles for the coming year. She estimates that it will take 100 pints of blood per mobile to meet the need of county residents hospitalized in and outside of the county.

Games were played and a birthday luncheon was served.

Mr. and Mrs. James VanDell of Hales Road have returned home from Syracuse, New York, where they were guests of relatives. While there they took trips through the Thousand Islands and to other points of interest in the area.

NOTED SPEAKERS TO TALK ON MISSIONARY WORK

The United Church Women of Detroit will present three outstanding speakers at the annual Missionary Institute to be held in the Central Branch of the Y. W. C. A. on Wednesday, September 21.

At 10 a.m., Miss Mildred Drescher, a missionary for 27 years in India, will speak on the theme "The Christian Mission in a Revolutionary World." Miss Drescher is a field worker of the Methodist Women's Division of Christian Service, now located at Ann Arbor, where she is a counsellor of International Students at the University of Michigan.

During the afternoon session, Mrs. Clarence Aikens, a Delaware Indian and former teacher on the Moravian Indian Reserve of Canada, will present the study book, "Within Two Worlds," dealing with the subject of Indian Americans. Mrs. Aikens was one of the founders of the North American Indian Club, is president of McKinstry P. T. A., and is active in other organizations devoted to better community relations.

Mrs. T. C. Wiemer, a well known speaker and teacher of Religious Education, will present other available materials for group study.

Mrs. C. Roland Hilliar, Chairman of the Institute, urges all church women to hear these capable leaders in the presentation of the interdenominational mission study books.

First Showing LINCOLN FOR 1956

Unmistakably . . . the finest in the fine-car field

Unmistakably the finest in design . . .
the longest, lowest, roomiest Lincoln of all time

When you see Lincoln for 1956 you will see for the first time in an automobile . . . sculpture in steel. In these lowest, longest, most spacious Lincolns ever built, every line and plane unite in a clean, harmonious whole — pure as a bird in flight. You will see how Lincoln design joins function with beauty in every detail. You will see that coachwork throughout is in the great Lincoln tradition. In two completely new series: Lincoln CAPRI, and the even more magnificent Lincoln PREMIERE.

Unmistakably the finest in performance . . . spearheaded by new 285-hp engine with the highest usable power (torque) of any car

Here is the best-performing car on the road. Power? The new 285-hp Lincoln engine with Turbo-Drive delivers instant safety-minded response in every situation. Roadability? The renowned Lincoln suspension system hugs the road with unswerving confidence. Safety? Lincoln brings you, in addition to every known power assist, the retracted steering column with safety-flex steering wheel, triple-strength safety-plus door locks, largest windshield area in the fine-car field, optional safety belts.

Unmistakably the finest in appointments . . . expressed in 29 exclusive Lincoln interior color combinations

Jewel-like touches throughout . . . decorator fabrics and leathers obtainable in no other fine car. Lincoln for 1956 brings its owner the finest compliment of all — the compliment of having chosen the best. For this Lincoln on every count was built to be the best. You will feel this is the car you belong in, whether you graduate to it from a car of lower price or step up to it from another car of the same price. Your Lincoln dealer awaits the privilege of letting you prove this for yourself.

*Unmistakably . . . LINCOLN
