

DETROIT LIBRARY TO TELEVISION NEW PROGRAMS

The Detroit Public Library will televise three new weekly programs over WTVS (UHF channel 56), commencing Monday, October 24, according to an announcement by Library Director Ralph A. Uveling.

The Library will be on the air three nights a week — Monday, Tuesday, and Thursday — from 7:00 to 7:30 p.m. with programs for family viewing, combining the best features of enjoyment and information.

On Monday night "Young America Looks at Television" a ten-minute panel show will be offered. Tuesday night's program is a Story Hour for children. Thursday night's show will be devoted to "Books in Action," a lively presentation of new trends in world affairs, the sciences and the arts, as well as entertaining fiction, humor, and adventure to what the imaginative mind.

"Books in Action" will present such programs as "The Nature of Things," marvels from the science bookshelf, October 27; "Michigan — The Big Idea," recapturing the pioneer spirit of the state, November 17; "What's the Answer?," answering questions sent in by viewers, November 2; and "Current and Choice," selections of timely recent fiction and non-fiction titles, November 10.

Mr. Uveling stated that each of the Library programs will originate live from the WTVS studios, using the talents of librarians at all agencies in the Detroit Public Library system.

John A. Oliver, TV coordinator for the library, will be in charge of production.

Franklin Community Church Receives Land Deeds, Permit For New Building

In special ceremonies at the 11 a.m. hour of worship last Sunday, Franklin Community Church received the deeds to land on which a new church building is being erected, and also received the building permit.

Mr. and Mrs. George W. Smith donated the church site in memory of Mr. Smith's mother, Mrs. Margaret Smith, long-time active member of the church. In his presentation, Mr. Smith pointed out that the new Colonial-style church is the first building in the Village Common. Nearby lots are reserved for other public buildings. The entire church will be clearly visible to Franklin Road across the attractive Village Green which is being given to the Village of Franklin in accepting the deeds.

Edward J. Green, chairman of the board of trustees, reported that an appropriate area of the church will be designated in memory of Mrs. Margaret Smith.

Mr. Harold Roseberry, president of Franklin Village, then presented the building permit to the chairman of the building committee, Grant Sivier. The Village president pointed out that this is the first permit issued for the erection of a public building since incorporation of the Village a little more than a year ago. The

Village government, Roseberry reported, looks on the new church as civic as well as religious history. Mr. Sivier, in his acceptance of the permit, thanked Mr. Roseberry, the Village Council and the Village Planning Commission for their interest and cooperation. He pointed out that the church was organized in 1840 to meet the spiritual needs of Franklin people and that the new church is another step in meeting the needs of Franklin and its surrounding area.

Mr. Green and Mr. Sivier then presented the documents to the Rev. Robert J. Scaris, who called all members of the building committee and the architect to the front for recognition. The congregation then joined in a special prayer as Mr. Scaris placed the papers on the altar. In addition to Green and Sivier, committee members include Harry F. Barr, D. James Crawford, Theodore H. Bruhn, Oliver Gavand, Norman E. Kreider, Vernon Fisher and architect J. MacDonald Jacobs.

Actual construction started September 26. Completion is anticipated in June of 1958.

chigan as the president of a great university.

Republicans backing him still insist he could be drafted to go against a Democratic candidate for governor. He has built the university into a powerful force in the state.

Republicans are making history with their activity during an off year. Democrats have campaigned the year around since 1948.

Williams' weekly schedule is as strenuous as any campaign. Wherever he stops, he shakes hands with everybody in sight and spreads the word. People like him.

Whoever the Republicans pick will have to outdo the governor who already is about 5 million handshakes ahead of the game.

Republicans are counting on the latest merger of the national and state ballots to give them the pull of Eisenhower at the top to elect a governor halfway down.

The President's illness may make a difference, but that's the way the tunc is going now, eight to the bar.

Pvt. Laconis Graduates From Sixth Army School

Pvt. Richard Laconis, 19, son of Mr. and Mrs. Edward Laconis of 32221 Tareyton, recently was graduated from the Sixth Army's Communications School at Fort Lewis, Washington.

Private Laconis completed the school's field wireman's course. Laconis, a 1954 graduate of Pershing High School, entered the Army last January. He was last stationed at Camp Chaffee, Arkansas.

Grouse Hunters Asked For Aid In Survey

Grouse hunters can help their sport by mailing wing and tail feathers of the birds they bag this fall to Conservation Department headquarters.

Special envelopes for mailing the feathers are available at most Department offices in the state.

State workers study the feathers as part of a continuing grouse research program.

The Dow Chemical Company at Midland, Michigan, is the world's largest producer of chlorine.

Looking Ahead

By DR. GEORGE S. BENSON
(Continued from Page 2B)
tained in the same grade in the elementary school when in the judgment of the teacher, principal, and parent, retention will improve the pupil's opportunity for further learning. At the high school level, pupils are passed or failed in terms of their achievement in individual subjects."

REPORT TO PARENTS: "In the American way of life each person is recognized as an individual and is judged and regarded for his own efforts and achievements. The emphasis in reporting is on the individual and his potentialities rather than on conformity to an arbitrary standard for the masses. Pupils compete with themselves and each other as in real life situations."

PREPARATION FOR COLLEGE: "Basic skills (the 3 R's) are stressed at all grade levels; early and continued guidance is given in selection of subjects needed for college preparation. (Approximately 50 per cent of the graduates of Springfield public schools enter college — a very high percentage.)"

Harold Stocker To Attend Seminar

Lieutenant Commander Harold S. Stocker, 32205 Shrewsbury, will attend a seminar for navy dental reserve officers at Treasure Island, San Francisco, October 17 through October 19, it was revealed this week.

The seminar is coincident with the annual national convention of the American Dental Association, to be held at the Civic Auditorium in San Francisco, and schedules are arranged to permit the reservists to attend the more important sessions. Attendance at last year's A. D. A. meeting was approximately 14,000.

It is expected that 400 will attend the seminar, 200 of which will be from the Ninth Naval District. Officers attending will receive one retirement point for each session they attend.

The officers will attend the seminar at no expense to the government.

Michigan's Longest Coastline

Michigan has the longest coastline of any state in the union. Its 3,121 mile shoreline is equal to the Atlantic coastline from Maine to Florida.

Lt. Col. J. C. Hogle Now In Germany

Lt. Col. James C. Hogle, son of Carl G. Hogle of Farmington, recently arrived in Kaiserslautern, Germany, and is now executive officer of the 24th Engineer Construction Group.

Colonel Hogle, who wears the Commendation Ribbon, the American Defense Service Medal, the American Campaign Medal, the Asiatic-Pacific Medal, the World War II Victory Medal, the National Defense Service Medal and the Army of Occupation Medal for duty in Japan, entered the Army in 1941.

A member of Lambda Chi Alpha fraternity, he was graduated from Michigan State University in 1934 and from the University of Michigan in 1939.

The Fairlane Victoria is one of Ford's 18 new Thunderbird-inspired models for '56. You can see Thunderbird beauty in its long, low lines and graceful silhouette.

Drive it today!
'56 FORD...with new 202-h.p. Thunderbird Y-8

4 NEW LIFEGUARD FEATURES—new deep-center steering wheel, new double-grip door locks, optional new padded instrument panel and sun visors, and optional new Ford seat belts.

with new Thunderbird Styling
with new Lifeguard Design

A glance tells you that the '56 Ford has the long, low lines of the fabulous Ford Thunderbird, America's favorite dream car.

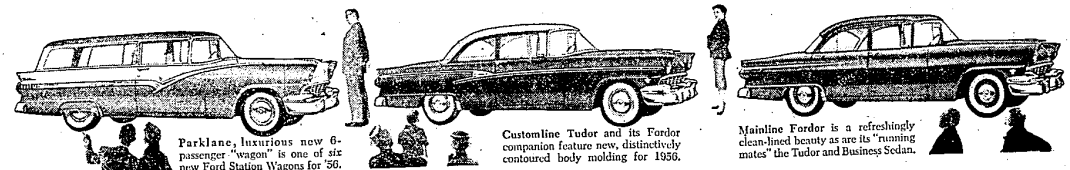

But wait till you touch the gas pedal! Then you'll know that Ford goes like the Thunderbird. With the new 202-h.p. Thunderbird V-8 engine, available in Fordomatic Fairlane and Station Wagon models, you'll pass with new confidence, smile at hills. And get split-second "GO" is only part of the story, for this new Thunderbird engine has a rigid, extra-deep block which makes for smoother, quieter going.

And there's even bigger news! It is Lifeguard Design—the first major contribution to driver and passenger safety in accidents. With the cooperation of leading universities, medical associations

and safety experts, Ford found that most serious accident injuries were caused by the driver being thrown against the steering post, occupants being thrown forward against hard surfaces, or from the car. So, Ford developed a new Lifeguard steering wheel with a deep-center structure to help protect you from the steering post... Lifeguard double-grip door locks to give added protection from doors springing open under shock... optional Lifeguard cushioning for instrument panel and sun visors, to help lessen injury from impact... optional seat belts that help keep occupants securely in their seats.

Come in soon! See the '56 Ford, test its power, and learn what Lifeguard Design means for the greater safety of you and your family. Then you'll know exactly why the '56 Ford is...

the fine car at half the fine-car price!

Parklane, luxurious new 6-passenger "wagon" is one of size new Ford Station Wagons for '56.

Customline Tudor and its Fordor companion feature new, distinctively contoured body molding for 1956.

Mainline Fordor is a refreshingly clean-lined beauty as are its "rumbling mates" the Tudor and Business Sedan.
