

Planning Contract

(Continued from Page 1A)

paper. It was also agreed that payments to the consultants would be changed to conform with the regular pay periods followed by the Township.

Under the proposed contract the Planning Consultants agree to prepare base maps, existing land use study, population study, neighborhood study, recreation study, traffic and parking study, transportation study, public utility study, re-evaluation of zoning ordinance, capital improvement study, and urban renewal study. For these services the Planning Consultants will charge \$5,000 per year for two years, such payments to be made in equal monthly installments of \$415.00 each. The consultants agree to submit their recommendations in writing to both the Township Board and the Planning Board and to assist in selling the plan to the public, if necessary, following completion of the details.

Leonard stated that he would meet with representatives of the Board and Associates as well as their attorneys at the earliest possible date in order to re-draft the proposed contract. It will be resubmitted to the Board for consideration upon completion.

Each day is the only one of its kind.

Edgewood Mothers Club To Sponsor Dance Jan. 11

Residents of the area are invited to a dance sponsored by the Edgewood Mothers' Club to be held at the Clarenceville High School on Saturday evening, January 14.

The dance, which will start at 8 p.m., will feature both square and round dancing. Free Friday will call for the square dances.

City Council

(Continued from Page 1A)

layed pending receipt of requirements of the Michigan Inspection Bureau. In view of these requirements, which would necessitate use of city fire equipment, the request was turned down.

A letter was filed with the Council from the Bel-Aire Hills Civic Association requesting the removal of that portion of the Spring Brook Gardens barn which is now in the side yard, right-of-way. They also asked that the debris around the barn be removed. The Council stated that Mr. and Mrs. Bickings of the property, have a plan of May 1956 and that an inspection has been made of the property by the Health Officers and that the owners will remove the debris.

Miss Jane Hamlin Student Delegate At Mission Meeting

In attendance at an Ecumenical Student Conference on the Christian World Mission from December 27 through January 1 at Ohio University was Miss Jane Hamlin, daughter of Mr. and Mrs. Delos Hamlin of 23631 Brookdale Avenue.

She was one of 3,500 student delegates from a total of 400 colleges and universities in North America in attendance.

Miss Hamlin termed the conference one of the most important of its kind in the history of the Student Christian Movement. The reason for this, she stated, was due to the large number of international students who attended as full delegates. A total of 1,275 students from 80 different countries were present.

A delegate from the University of Michigan, Miss Hamlin had an opportunity while at the conference to hear outstanding Christian teachers and leaders and to participate in informal discussions aimed at increasing the interest and commitment of the students in the Christian World Mission.

Ohio University campus appeared to be a melting pot of all continents, cultures from all parts of the world mixed in friendly discussion, fellowship and prayer.

Major issues of the day were discussed under the guidance of men and women with experiences in the field. Included in these discussions were the issues of the new relationship of missionaries to the younger churches around the world, the problem of colonialism, racism, underdeveloped areas, new conflicts between Christianity and non-Christian religions, and the relationship of the Christian faith to areas of rapid social change.

Primary in the conference was the focus of attention upon the necessity for Christians to bring the reconciling power of Christ into these revolutionary issues.

School Board

(Continued from Page 1A)

date would be set at the next meeting of the Board and that the special election would likely be called for sometime in March.

A report by representatives of the school architect indicated that work on the special education wing of the Eagle School was behind schedule but that time could likely be made up. Superintendent Dunckel stated that Wallace Conington, the architect, had completed the project completed by February 12. Trouble with vent fans for the coolers in the kitchens at the new schools prompted the Board to call for a complete report by school architects on the cause of the trouble. The Board indicated that it would not accept the schools as complete and functional until the trouble has been rectified.

Other action taken by the Board included the granting of authorization to Superintendent Dunckel to hire additional teachers as he deemed necessary and to institute half-day sessions in classes where extreme overloads required such action.

A special committee was named by the Board to select storm sash to be installed on the windows in the office of the elementary coordinator. The cost of the sash was restricted to not more than \$900 installed.

Obituaries

Mrs. Olive Morfin

Mrs. Olive Morfin, 21315 Grand River, Cal-Ott, died December 31, 1955, at her home in Grand Ledge Cemetery on January 2.

Funeral arrangements were under the direction of the Harvey Funeral Home in Detroit.

Christian Science services were conducted at the funeral home prior to burial.

Mrs. Morfin, a resident of Farmington for the past 15 years, is survived by her husband, Thomas, a daughter, Mary, and one grand child.

Mrs. Agnes Martina Krottsch

Mrs. Agnes Martina Krottsch, 18376 Flinch, Livonia, died of a heart condition January 7.

She was born in Detroit, Michigan, July 31, 1900, the daughter of Albert and Agnes (Burns) Foley. She had been married thirty years to Raymond Krottsch and resided in Livonia for the past eight years.

She leaves her husband, Raymond; three daughters, Mrs. R. E. Krottsch, Mrs. William (Loretta) Bell of Detroit and Alice; at home; two sons, Robert Raymond Krottsch and George; and Albert, George Krottsch of Livonia; eight grandchildren; two sisters, Mrs. Gertrude Copley of Roseville and Mrs. Mable Hippy of Detroit; and two brothers, Howard Foley of Chile and Frank Foley of Arizona.

A Rosary Service was recited at the Spencer J. Heene Funeral Home Tuesday evening.

Funeral Mass was from St. Agatha's Church at 9:00 a.m. Wednesday.

John J. Martin

Mr. John J. Martin of 22520 Lilac died in St. Joseph's Mercy Hospital in Pontiac January 5 following an illness of several years.

He was born in Spencer, Michigan, November 8, 1890, the son of Michael and Margaret (McAnn) Martin, and was united in marriage to Miss Helen D. Fitzpatrick in 1918.

Mr. Martin was a member of Our Lady of Sorrows Church and The Holy Name Men's Club.

He leaves his wife, Helen (Nell) Martin; two sons, Patrick (Phyllis) Novak of Detroit; two sons, Burke of Utica, Michigan, and James of Farmington; eight grandchildren; one sister, Sister Mary Collette Dominican Order, Chicago, Illinois; and two brothers, Joseph Martin of Indianapolis, Indiana, and Clare Martin of Ferndale.

Mr. Martin had been employed as an inspector for General Motors; served in the United States Navy in World War I and had resided in Farmington for about thirty years.

Rosary Services were recited at the Spencer J. Heene Funeral Home Saturday and Sunday evenings.

Funeral Mass was from Our Lady of Sorrows Church at 10:00 a.m. Monday.

Interment was in Holy Sepulchre Cemetery.

Township Board

(Continued from Page 1A)

Ernest Blanchard, Township Supervisor, advised the Board that an application has been filed with the City of Detroit requesting permission to dispose of wet sludge from the Kendallwood Sewage Plant into the Detroit system on a temporary basis. The sludge would be removed from the plant and hauled to the Detroit system for disposal. Blanchard stated that the standard disposal fee would be \$100 per ton. Thompson Brown, developers, in accordance with the recently approved authority agreement. This procedure would be followed by the Township until the proposed Farmington Interceptor is completed.

A letter was read to the Board from the Forest Hills Subdivision Association requesting action on the removal of a number of abandoned cars at 27333 Edgemoor Drive. The Board directed A. G. Leonard, Township Attorney, to contact the property owner and request that the condition be eliminated. Action was also taken by the Board authorizing the repair of sections of Power Road in the vicinity of Hall Street and Eldred Street west of Middlefield.

The Board approved extension of the deadline on payment of taxes without penalty until the end of February. A resolution was granting a \$100 per year raise to the three Farmington Township fire chiefs. The raise brings their salary to \$250 per year. A letter was read from Mrs. Philip Newberg suggesting that the new Township Clerk be appointed from among the Board members rather than from the Township at large.

Mrs. Elsie Avery stated that since this was McCracken's last meeting as Township Clerk, she wished to publicly express her appreciation to him for the help and cooperation he has given her and wished him the best of luck in the future.

Police Attend

(Continued from Page 1A)

Governor William A. Cullen, the new million dollar high school driver education program, the contemplated Traffic Safety Inventory Award Program for Counties, and how the traffic engineering can help cut accidents.

Captain Jack Warner, State Police District Commander, was host for the Detroit area zone meeting which was held at the 16th Precinct Police Station on Grand River at Six Mile.

The printing industry receives its greatest revenue from advertising and gets a major share of the more than nine billion dollars spent by American business for advertising each year.

Suggests Program To Avoid Record Auto Death Toll

A record toll of more than 41,000 deaths and 2,000,000 serious injuries will develop on American highways during 1956 unless an aroused public immediately takes constructive steps to end accidents. This prediction was made recently by Arthur S. Johnson, director of the Institute for Safe Living, in his annual New Year's report to the Institute's Advisory and Directive Staff.

Mr. Johnson, safety engineering vice-president of the American Mutual Liability Insurance Company, made his prediction on the basis of current and prospective highway conditions and traffic behavior in 1955.

In his report, Mr. Johnson recommended a comprehensive ten-point highway safety program, adding: "No one wants to be a forecaster of bad news, but all of this bad news is going to happen unless the public gets mad enough at useless slugs to take the steps necessary to stop accidents."

His ten-point program follows:

1. Keep up the pressure for new highway legislation.
2. Support driver training in your community and state.
3. Encourage every motorist to have only safe cars on the road by providing effective state inspection programs.
4. Abolish the widespread practice of ticket-finding.
5. Help the community organize all its agencies - police, firemen, schools, town fathers, newspapers and clubs - into a coordinated force for safe driving.
6. Support community and state efforts to expand street and highway policing forces.
7. Encourage nationwide adoption of uniform traffic laws.
8. Believe in law and practice courtesy on the highway.
9. Encourage safety engineers and others to intensify their efforts to humanize factors in car design, highway design, and traffic regulations.
10. Let us become a nation of better drivers for our lives are in the drivers' hands. (Let each driver learn how to control the power at his hands, let him learn what causes accidents and how to avoid them, let him learn the rules of the road and obey them.)

DEER SHOW LITTLE CHANGE IN WEIGHT, SIZE OF ANTLERS.

Deer of the same age class showed little significant change in weight and antler size this year from last year.

In the upper peninsula, deer weighed at licker plants averaged 107.3 pounds this year; last year the average was 102.8 pounds. Antlers averaged 2.6 points last year and 2.9 this year.

Where better winter range foods are available in the northern lower peninsula, deer averaged 104.6 pounds, slightly better than the 101.2-pound average of last year. Antlers averaged 3.8 points this year and 3.6 points last year.

However, in Roscommon, Oscoda and Crawford Counties - the area where winter foods are in short supply - the average deer weight dropped from 99.6 pounds last year to 89 pounds average this year. Antlers averaged nearly 2.8 points average last year and 2.9 this year.

In Lake County, another food problem area, conservation biologists did not have enough licker plant information to make a weight comparison. Antlers measured at roadside checking stations, however, showed some increase, from 3.3 points average last year to 3.7 this year.

IN MEMORIAM

In memory of Edward Grimmer, who passed away ten years ago, January 10, 1946. Sadly missed by his wife, brothers and sisters.

Bread, nowadays, compared to that in the mid-30's, contains four times as much thiamine, three times as much riboflavin and about twice as much calcium, iron and niacin.

over, it is expected that more detailed information will be presented at the Thursday evening meeting, which is scheduled for 7:00 a.m. at the Town Hall.

As the result of a conference held Monday afternoon, efforts are now being made to secure options in sites in the Township for drilling of test wells. Following a discussion with Judge Moore and representatives of Pate and Hinn regarding the sites, Blanchard stated that he would attempt to secure options.

SOMEDAZE!!

It don't pay to git outta bed - like when everything yuh touch yuh droo - then it bounces three times and breaks. Now believe me when it comes to stackin' up eggs it gets to be kinda messy. These here eggs we're talkin' about are medium size jobs and this week end they'll be 59c a dozen. They are the same kind of eggs we always have - not storage ones. To go with that egg there'll be a pork sausage roll fer 29c. If you'd rather have a ham with yer egg we have some smoked picnics fer 29c a lb. Somethin' else we aint had for a long time is steak smothered in onions. It kinda smells up the joint but it's mighty good. Now yuh can git choice round steak cut fresh to whatever thickness you want fer 69c a lb. and a bag with 3 lbs. of onions fer 19c. If yer lamb eaters around yer house we have a lamb shoulder roast fer 39c a lb. or some lamb stew fer 19c a lb. Then you'll need a carrot - wontcha? Wouldcha figger 10c a bunch was fair? We also have a fresh batch of our own corned beef fer 39c a lb. We really do cure it ourselves - right in our own crock - and what's corned beef without a cabbage when it's 10c a lb. Betcha yer lookin' for our butter special and this week it'll be Land O' Lakes agin fer 69c a lb. Guess that's about all this week cause we're busy movin' some of the stuff agin - aint it disgustin'??
