## CHRISTIAN SCIENCE

Humanity's need for effective prayer will be emphasized at Christian Science services Sunday. Keynoting the Lesson-Sermon entitled "Sacrament" is the Golden Text from Psalms (138:14): "Let the words of my mouth and the meditation of my heart be acceptable in thy sight, O Lord, my strength and my redeemer." The importance of earnest prayer to God will be brought out in readings from "Science and Health with Key to the Scriptures" by Mary Baker Eddy.

The three things most difficult are — to keep a secret, to forget an injury, and to make good use of leisure.
