ALL-WEATHER HOME

Gas is an ideal fuel with a dual personality .. one for winter heating and one for summer cooling. A Gas air-conditioner gives the utmost in year 'round comfort.

In sizzling summer weather, a Gas unit wrings gallons of water out of the humid, sticky air. And in the cold of winter, it adds moisture to the air to prevent dry, parched heat. A Gas air-conditioner gives perfect all weather temperature control.

If you seek fruly modern living, choose an All-Gas home... one with Gas year 'round air-conditioning and Gas for refrigeration, cooking, water-heating, clothes-drying and Incineration. Although Gas Heating Permits may not be immediately available, they are well worth waiting for.

ONLY GAS DOES SO MUCH. SO WELL, YET COSTS SO LITTLE

Miss L. A. Ault of eyed to Monroe and were tendered ise a luncheon at the home of Mr. and de, Mrs. Thomas Roberts of Holly-an. wood Drive.

Mr. and Mrs. E. J. Eckman of Farmington Road held open house in homor of their son and his bride, who recently arrived from Japan. About 75 friends of the family dropped in for the occasion. Ulterrities were cherries will be marketed through July 30 this year. Shoppers will not find many of Michigan's fresh sweet cherries at the grocery, for approximately 75 to 85% of the crop is processed. About 80% of the processed sweet cherries are brined, then conver-d into markshine cherries and similar products during the winter months.
