

In And Around Springland

MRS. RALPH EVERT

Mr. and Mrs. James Dalawake have started construction on their new home on the corner of Springfield and Ridgeway Drive.

On July 8 Joyce Mallon celebrated her sixth birthday with friends at a party. Guests were Patty McDonough, Denise Krider, Patty O'Donoghue, Margaret Walt and Diane McHutchison. Joyce is the daughter of Mr. and Mrs. Raymond Mallon of Springfield Drive.

James Neal of Rockshire is visiting at the geology camp at Northern Michigan College in Marquette.

Danny Gramer, young son of Mr. and Mrs. Donald Gramer of Glen Valley Drive, underwent minor surgery last Thursday at Physicians and Surgeons Hospital on Grand River. He is reported making excellent recovery from an operation on his foot.

Mr. and Mrs. Philip Peri and family of Springfield Drive recently returned from a vacation in Canada and the East. They traveled to Quebec, Ontario, where they saw the St. Ann DelBourgo Shrine, and then to Ottawa where they spent a few days visiting relatives. They also visited friends in Montreal and on the way home they stopped off to see Niagara Falls.

Mr. and Mrs. Joseph Neistra and family of Ridgeway Drive returned last week from a vacation at a cottage near Caseville, Michigan.

Michigan has four times as much water-covered land as any other state and contains more than 11,000 lakes and 36,000 miles of streams. At any point in the state, one is never more than six miles from a lake or stream.

MRS. RAY MATSEN

GR. 4-6968

Mr. and Mrs. G. Lipke recently returned from a week's camping trip at Brevort Lake in the Upper Peninsula. While there they reported seeing many deer and quite a few large bears.

A baby boy was born July 6 to Mr. and Mrs. R. W. Hancock, of 22991 Elm Grove Street. He weighed seven pounds two ounces at birth.

Jack Phelps, formerly of Grayfield Street, is now with the Marine Air Force at San Diego, California.

Burroughs Corp. Obtains Option On Building Site

Burroughs Corporation announced this week that it has obtained an option to purchase 24 acres of land near the intersection of Northwestern Highway and Franklin Road, 101 Mile Road, in Southfield Township.

The corporation is exploring the possibilities of having the zoning restrictions changed from residential so that the plot may be used as a location for additional office space.

Plans are now being developed regarding the size of the building and the offices of the corporation to be affected by the expansion. General offices of the company are located at the Main Plant, 6071 Second Avenue, in Detroit.

BOATING TIP

Pleasure boat enthusiasts would be wise to make a good first aid kit part of the basic gear of their craft in case of an accident while cruising. Advice insurance authorities. Medications in the kit will retain their potency indefinitely in unbreakable fold-up metal tubes.

Complete Music Course To MSU

Larry Schafer, 35700 Edmonston, and Nancy Mitchell, 27302 Halsted Road, Farmington, have completed the 11th annual Youth Music course at Michigan State University, conducted from June 25 to July 14.

The course offered high school students an opportunity to improve themselves musically. Students were divided to form a concert band, training band, orchestra, chorus, and numerous ensembles. Classwork included music theory, conducting, music listening, accompanying in other phases of music.

Highlight of the three-week session was an outdoor concert by the various musical groups in the MSU band shell. Other events included faculty and student recitals, and a student performance of Gilbert and Sullivan's opera "Trial by Jury."

A record enrollment of 261 was recorded at the conference, sponsored by the MSU department of music.

More than 100 of the youths attended on scholarships provided by local civic organizations.

The wealth of man is the number of things which he loves and blesses, which he is loved and blessed by.

ICE CREAM

There are some two hundred flavors of ice cream from which to choose, but three flavors still remain tops in sales - vanilla, chocolate, and strawberry. In 1955 a nation-wide survey of nearly 4,000 ice cream manufacturers indicated that pre-packaged ice cream represents almost half of the ice cream produced today.

The first oil pool of importance in Michigan was located near Port Huron about 1886. The next commercial pools were discovered in the vicinity of Saginaw in 1925 and in Muskegon in 1927. Other discoveries followed rapidly and oil now is produced in at least 39 counties in the lower peninsula.

The low-priced car most like the high-priced cars!

No wonder more people who can afford the best buy Fords rather than any other low-priced car*

Partly, it's Ford's Thunderbird V-8 power — up to 225 h.p. strong!

For why, indeed, pay more for power when such a low price buys the type of V-8 that put the "scout" in America's greatest dream car? It's the kind of "zip" that won for Ford the Manufacturer's Award for best all-around performance over all cars in the big Daytona and Clear Championships.

Partly, it's because there's more future in a Ford! Ford's 5-cross-member frame... Ford's exclusive angle-poised ball-joint front suspension... Ford's variable rate rear suspension are just a few of the "plusses" that give Ford its reputation for lasting and lasting.

Partly, it's Ford's quality body construction!

People who can afford the best know a well built body. They appreciate the things that make Ford's body extra strong... extra quiet:

rubber-insulated body bolts, the most generous soundproofing in its field, extra-firm body-cross-bracing... to name a few.

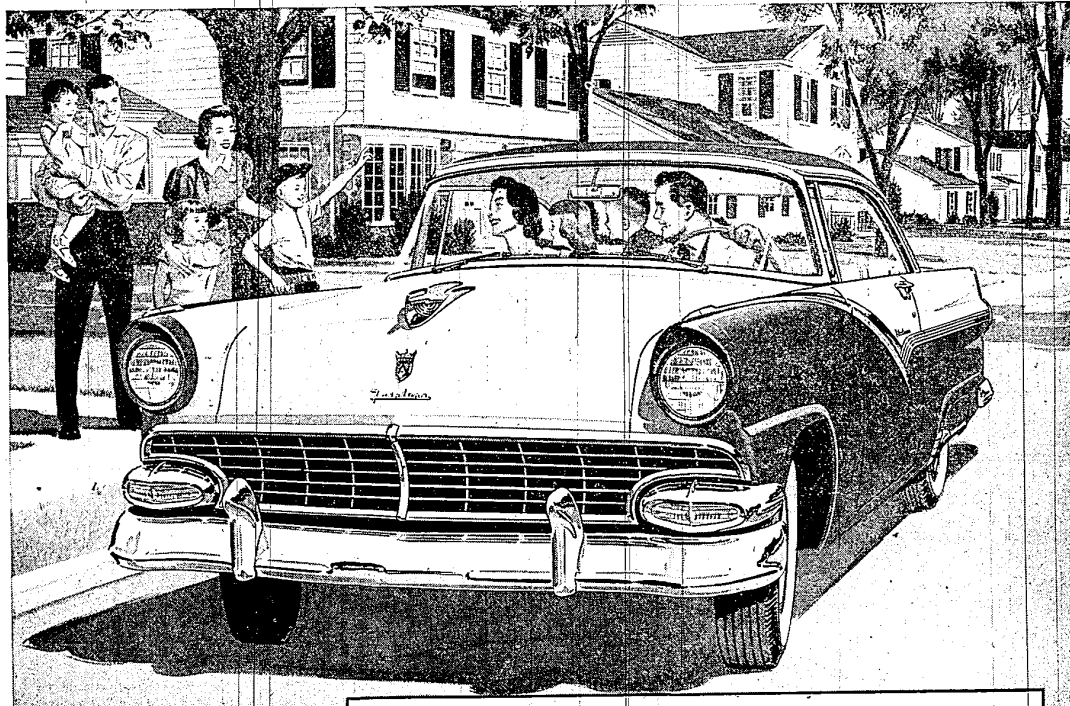

Partly, it's the years-ahead way Fords are styled!

The sleek, low-slung Thunderbird set the style for every Ford for '56. That means style that will stay in style... it's that far ahead of the field. Yet you'll find Ford is priced with the lowest!

Partly, it's the extra protection of Ford's Lifeguard Design!

For pioneering this exclusive family of safety features that gives added protection in case of accident, Ford received the coveted Motor Trend Award. But come in! Take a Test Drive. See why the fine-car buyers are going Ford!

*SURVEYS BY LEADING MAGAZINES show that more people with over \$5,000... over \$10,000... even over \$100,000 a year incomes own Ford than any other low-priced make.

NOW! A FORD with AIR CONDITIONING costs less than many medium-priced cars without it. TRY ONE TODAY!

Based on a comparison of suggested list prices.

FORD goes first ... in looks ... in go ... in safety!
