Resolved, That we have lost in the deceased, a valuable worker, and while we accept this loss as coming from Him who "doeth all things well," we will strive to carry on the work she has loved so well to do. Yet while we think of her as having passed on before, we can but mourn our loss, knowing that so few, however willing, can take her place.

Resolved, That our heartfelt sympathy be extended to her family in their deep affliction; that a copy of these resolutions be presented to the bereaved family, and recorded in the records of this Auxiliary.

Schultz was formerly employed by Klett and issued to have told the officers that he went to the Klett farm at 10 o'clock, Monday night, secured the horse and rode it to Detroit, selling it at the Kolb auction barn in Detroit. ## Can a Name Sell a Corset

Assuredly it can!

How?

Why, when it's a good name.

What constitutes a good name?

"Aye, there's the rub"—for a good name is like "that unknown country from whose bourne no traveler returns."

A good name is not something to be mistaken for a certain degree of one-time popularity, purchased at the price of so much per line in magazine and newspaper.

It must not be confused with the humorous "catch phrases" which through the efforts of extravagant advertising sometimes achieve a spasmodic or temporarily successful sale for the articles with which they are associated.

A good name means something much more than this.

It means quality, tried and proven.

It means true value, intrinsic worth and honest representation.

It is the very antithesis of superficiality and harbours no false impressions.

It is nothing more or less than a confidence gained by reliability;—and that's why the name

is a good name.
