Lois and Carole Rickett, daughters of Mr. and Mrs. Harry Rickett, entertained by giving a barbecue supper on the grounds of their home on Westmore Saturday evening, August 25. The party honored John and Carol Boughner, who formerly lived in Livonia but now reside in California, and have been visiting among old friends of this locality. About 25 local young people met for a reunion. Following the meal, a record player provided music for the group.

A picnic party was held by Mrs. M. E. Ault under the trees at the rear of her home on Mayfield Avenue Wednesday noon. Ten of her grandchildren and three of their mothers were in attendance. The affair honored Mrs. Johnson Porter and her three children, who were visiting here from Ohio. At the close of the meal the entire group journeyed to Northland to spend the afternoon.

Last Wednesday's meeting of the Sunshine Sisters became a celebration honoring the birthday of Mrs. Wilfred Blackney and Mrs. Arthur Muir. The get-together took the form of a potluck picnic luncheon held in the backyard of the Blackney home. Mrs. Muir sliced the birthday cake. Both she and Mrs. Blackney were showered with cards and remembrances.

The next Sunshine meeting will be held on Wednesday, September 12.

### Goshawk Wins In Death Battle With Crows

An adult male goshawk was banded and released near Mio recently after surviving a battle with a flock of crows.

The big bird, locked in combat with a crow, was found in Oscoda County by Paul Gruner of McKinley. The crow died but the goshawk suffered head and leg injuries.

John Byelich, Conservation Department district game manager, said the goshawk apparently had sailed into battle after being attacked by the flock while delivering a death blow to one crow. The goshawk was 24" long and had a 45-inch wing span.

Ford's low initial prices mean real savings, to be sure. But the on-the-job savings you get in Ford trucks count even more!

Take running costs; they're downright low. Because Ford—and only Ford—gives you the gas and oil economy of modern Short Stroke power in every truck. Only Ford has a Short Stroke Six and seven Short Stroke V-8s—backed by over 5 billion miles of on-the-job experience.

Upkeep costs are low because Ford trucks are built extra strong. They outlast all other leading makes—a fact certified by independent insurance experts. That same stand-up ruggedness means greater dependability, too.

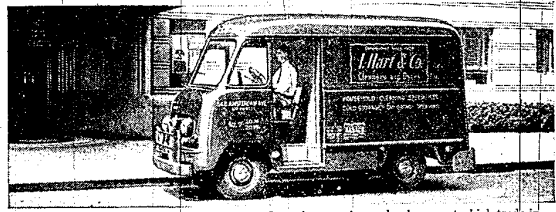

And when it comes time to trade—you'll gain from Ford's traditionally high resale value, too. You'll find that, from start to finish, Ford trucks cost less.

## Ford Trucks last longer

Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford trucks last longer.

"When you figure low running and upkeep costs, high trade-in and low price, we feel that nothing can beat Ford trucks for value." Charles Sofer, president of I. Hart & Co.

"Ford's Short Stroke engine design and rugged chassis mean low operating and maintenance costs," says John Coleman, whose firm operates 45 Ford C-750's.
