

SC Gives Grote 7.5 Pct. Hike

Schoolcraft College President C. Nelson Grote's contract was extended for three years and his salary was raised to \$35,000 by college trustees Wednesday.

After a 45-minute "executive" session with Dr. Grote, trustees approved the contract extension and 7.5 per cent salary increase.

The secret session was held to evaluate Dr. Grote's performance. Dr. Grote came to Schoolcraft in June of 1971, succeeding founding president Eric J. Bradner.

The board also authorized Dr. Grote to distribute \$25,000 salary increases to be divided among nine administrators, supervisory and technical personnel and security personnel, all of whom aren't covered by a union.

The board authorized a minimum of 5.5 per cent salary increases plus additional increases to be authorized at the discretion of the president to be based on merit and not to exceed seven per cent averages for each group.

2 Paving Projects Under Way

The Michigan State Highway Commission reports two new area highway construction jobs costing more than \$2.5 million.

Due for completion in December, 1973 is intersection improvement at 13 Mile and Evergreen, Southfield. The lowest bidder for the job is \$350,000 was Ajax Paving Industries, Madison Heights. Financing will be through the federal government.

Now under way is the paving of the interchange of I-275, I-96, and M-14 in Livonia, due for completion in November. Denton Construction Co. has agreed to do the job for \$2.3 million. The intersection is in the Schoolcraft-Haggerty corridors.

Proud Lake Campground Restricted

Rowdiness and vandalism have been the reasons given for closing Proud Lake Campground in Oakland County to non-camping visitors.

The ban, which is to take place before July 4, will include the installation of chain link fencing where it is necessary to keep out non-campers.

The Department of Natural Resources says the ban's intent is to maintain tranquility in camping areas, to protect registered campers from noise and harassment, and make their stays as pleasant as possible.

"We realize that a total ban on visitors is a somewhat drastic measure, but the safety and welfare of registered campers and adjacent property owners are ample justification for it," says O.J. Scherschligt, DNR Parks Division chief.
