Students Present Program At PTA Meeting, Panel Discussion Given

The second meeting of the Clarenceville High School PTA was held in the high school cafeteria Tuesday, October 16, with high school students presenting the program for the evening.

Catherine Barnes, senior from Clarenceville High, spoke on her activities as a representative to Girls State. This was followed by a report from Dave Hanaford on his experiences as a representative to Boys State. Both Catherine and Dave were selected from the junior class last year to attend the annual Boys' and Girls' State this past summer.

A panel of seven boys and girls from the high school conducted a discussion on "The Role of the Par-

ent in the Home, School and Community." Mr. Richard Hixon, history teacher at Clarenceville, acted as moderator for the panel discussion.

At the conclusion of the panel, parents and teachers asked questions of members on the panel. Such problems as allowances, late hours, discipline and parties were all aired and discussed by the group.

Next month, as a follow up of this panel, a discussion will be held by a group of parents. Their views on the same topics will be presented to the PTA.

Following the discussion and reports the regular business meeting was held. The regular schedule of events was announced by activities director Darwin Larson. Larson listed a number of events planned for future meetings, including noted speakers in the education field.

why? LET'S ASK PAUL SUTTON'S OPPONENT WHY!

Maybe you got one of those letters from Washington, on stationery printed at Government expense, strutting the "superiority" of Paul Sutton's opponent. Maybe you've even heard this candidate himself talk about his "record."

Let's look at this "Record" as a State legislator that he brags about! Look at the actual harm he's done to every group in our country!

CONSUMERS AND FARMERS WERE HURT

when Broomfield voted against improved procedures on public utility rate hearings . . . against grade and "seal of quality" labeling to promote the sale of Michigan farm products, and for a sales tax on used cars which means a double sales tax on cars.

Why? . . . Ask Broomfield!

BUSINESSMEN WERE HURT

by loss of purchasing power caused by Broomfield's many votes against adequate unemployment insurance, and against adequate Workmen's Compensation, and against purchase of the Oakland County TB Sanatorium for the cure of retarded children.

Why? . . . Ask Broomfield!

MINORITY GROUPS WERE HURT

when Broomfield voted against FEPC consistently for 6 years, and only voted for it when passage was assured.

Why? . . . Ask Broomfield!

TEACHERS WERE HURT

when Broomfield voted against an assured pay increase for them.

Why? . . . Ask Broomfield!

SCHOOLS AND SCHOOLCHILDREN WERE HURT

by Broomfield's action on bills robbing local government of income to be used for schools, and by his failure to support enforcement of public school fire, safety and sanitation inspection.

Why? . . . Ask Broomfield!

SICK PEOPLE AND HANDICAPPED CHILDREN WERE HURT

by Broomfield's vote against funds for chronic disease research and care, against adequate Workmen's Compensation, and against purchase of the Oakland County TB Sanatorium for the cure of retarded children.

Why? . . . Ask Broomfield!

We can't afford to be represented in Congress by a man with a State record like Broomfield's . . . a man who admits he knows little or nothing about international and national problems.
