Warner Farms Assn. Officers Elected Jan. 16

Doctor John S. Tobin was elected new president of the Warner Farms Improvement Association at the organization's annual meeting held last Wednesday, January 16.

Other officers elected were: Paul G. Perry, senior vice-president; Kenneth S. Brooker, junior vice-president; Mrs. Charles S. Bowman, secretary; and Philip B. Thomas, treasurer.

Serving as directors with the two incumbent directors, D. J. Liles, Jr. and Lynwood Chamber, will be James E. Rainey, John E. Master, C. A. Halston and Corwin Overton. Retiring president William T. Young and Robert J. Hoise were elected as alternate directors.

At the annual meeting the by-laws of the association were amended to include Warner Farms Subdivision No. 5 consisting of residents on the north side of Slum Drive.

One hour of thoughtful solitude may nerve the heart for days of conflict.

—James G. Percival

Finding a way to live a simple life is today's most complicated job.

Name Additional Area Captains For Mothers' March In Township

Names of additional captains who will be in charge of various areas for the Mothers' March on Polio in Farmington Township, to be held on January 31 were disclosed this week.

Margie Schultz will be in charge of the Mothers' March in Kendallwood Subdivisions 1 and 2. She is in need of helpers and can be reached by calling GR 4-9253.

Heta Hammond will have charge of the area between Shiawassee Road and Grand River from Tuck Road through Cora. Lathrup Subdivision will be under the supervision of Cora Billings. Her telephone number is GR 4-5103.

Jenny Kelm will, for the seventh consecutive year, be in charge of the march in Grand River Gardens Subdivision including Middlebell Road to Nine Mile and Tulane Colgate, Albion and Purdue Streets north of Grand River. Those wishing to help in the march are asked to call GR 4-5244.

Ethel Douglas will be in charge of the march in Glenmuir Subdivision south of Fourteen Mile and east of Farmington Road.

Kay Hampton, GR 4-2321, and Charlotte Barkholtz, GR 4-3421, are in charge of soliciting in Normandy Hills, Quaker Valley and Rambling Hills Subdivisions.

In charge of the march in the

Obituary

James L. Fanzini, Sr. North Farmington, Michigan Township, passed away January 20, in St. Joseph's Mercy Hospital, Mt. Clemens, from a heart condition. He was born in Milan, Italy July 9, 1897, the son of Vincent and Theresa (Granata) Fanzini; was united in marriage to Jennie Paglin November 17, 1910 and was a former resident of Farmington.

Mr. Fanzini leaves his wife, Jennie; two sons, James L. Fanzini, Jr. and Frank Fanzini, both of Farmington; three daughters, Mrs. Theresa Alcaest of Walled Lake, Mrs. Mary Laskey of Pontiac and Mrs. Angeline Eckler of Rochester; eleven grandchildren and two great grandchildren.

Funeral services were held from the Spencer J. Heeny Funeral Home at 2:00 p.m. Wednesday with Rev. Elsie Johns of the Clarenceville Methodist Church officiating. Interment was in Oakland Hills Memorial Cemetery, Novi, Michigan.

A THANK YOU

A thank you was extended this week by Mrs. Lucille Bradley to the many who helped her in taking a solo fund drive collections at the Civic Theatre the weekend before last. A thank you was also extended to Edward Hohler, proprietor of the theatre, for his cooperation and assistance by Mrs. Bradley.

There has never yet been a man in our history who led a life of ease whose name is worth remembering.

—Theodore Roosevelt

Nominate and Elect **WENDELL BROWN** Candidate For Township Trustee—(Republican)

MEAT THERMOMETER

How often do homemakers use a meat thermometer? In a recent survey in one Michigan city, 85 per cent of the homemakers visited said they had a meat thermometer, but only one-third of the said they actually used one. A meat thermometer can save on the meat bill, says the Consumer Marketing Information Agent, Mrs. Josephine Lawver. Most cookbooks have a timetable for roasting meat, but roasts differ in size, shape and amount of lean bone and fat. The timetable can be only approximate. Take the "guess work" out of meat cooking by correctly using a meat thermometer. The meat will be done to a turn, and there will be no waste in weight from overcooking.

G.A.A. Activities Table Tennis Play Concluded

Table tennis tournament play sponsored by the Girls' Athletic Association closed January 17. Sophomore Lorraine Reame won over Virginia Jacobs, three games out of five; and Mary Seal, two out of three, to become official champion of the 1957 table tennis tournament.

Miss Gallett is advisor of the table tennis activities.

In volleyball, the sophomore team, "Stomper", is in first place. Following is behind is the senior squad, "Tres". The results of the next series of games will decide the team to compete for the chance to play the faculty team.

Bowling activities are continuing every Monday at the Livorno Recreation Center. The "Knights" and "Rolling Pins" are tied for first place in the tournament.

Members of the GAA are making preparations for the forthcoming basketball season which will begin February 5 and continue through March. Betty Edwards is chairman and manager of the basketball program.

Clarenceville's GAA will participate in the W.O.C.L. camp-out tentatively planned for this coming spring. The girls discussed the camp-out and began preparations for the activity at a regular GAA meeting Monday, January 14 at the home of Elda Dossena.

Junior Class Play Tryouts Stated

Tryouts for the Junior class play, "Timt Out for Ginger," have been scheduled for February 1, it was announced by Richard Hixon, director. The cast will be chosen after a series of tryouts based on readings from the play.

"Timt Out for Ginger," a three-act comedy, concerns the trials of an 11-year-old girl who gains a position on a high school football team. She causes a great deal of excitement among family and friends through her activity as a member of the team.

Mr. Hixon encouraged all members of the Junior class to try out for parts in the play. The production staff and committees will be chosen following the announcement of the cast.

"Timt Out for Ginger" will be presented April-26 in the high school auditorium.

General Electric Film Presented

Students attended an assembly Wednesday, January 11, sponsored by the General Electric company. Two representatives of the Detroit Edison company visited the school and presented a program entitled, "House of Magic."

The purpose of the assembly was to stimulate interest in the fields of science and industry. The representatives encouraged students in the junior and senior high schools to develop their maximum potential through higher education.

The program was designed to awaken interest in science and mathematics through an entertaining and informative presentation of the "magic" of these subjects. The demonstrations and activities presented to the students included experiments in metals, liquids, electricity and stereophonic sound.

Post-Game Dance Planned Friday

The journalism department will hold an informal dance after the basketball game Friday, January 25, immediately following the Clarenceville-Clarkston game.

Various committees have been formed to prepare for the event. Committee chairmen in charge are Judy Dowdy, music; Roy Carlson, refreshments; Marlene Dietrich, tickets; and Sharon Leel Edgar, publicity.

Music for the dance will be on record. The dance will continue until 11:30 p.m. Refreshments will be served in the high school cafeteria.

Parent chaperones for the dance will be Mr. and Mrs. Maurice Wilcox and Mr. and Mrs. Edgar Finlay. Ruth Harbors and Alice Nelson are alternates. Faculty advisor of the journalism class is Miss Luermann.

All Clarenceville students as well as guests from Clarkston are urged to attend.

Science Club Members Begin Project Work

Members of the Clarenceville high school Science Club attending a meeting on January 16 saw the film, "Prospecting for Petroleum."

All members are required to prepare a science project during the year. It was disclosed at the last meeting that many of the members have already selected their topic and have begun working on it.

Two groups are producing a film on chemistry and physics. Other projects include building a radio, electric motor, solar energy apparatus, paints and varnishes, photography and natural history.

The Science Club will be the first to see selections from "Film Strip of the Month Club."

The January 23 meeting has been canceled, but at the following meeting January 30, there will be a demonstration on the repair of an automobile storage battery.

Slides will also be shown at this meeting on science projects done by students in other schools.

A large quantity of material has been received outlining numerous projects and demonstrations. This material includes complete instructions on completing the project.

Membership cards will be issued at the next and succeeding meetings to those who qualify. To become a member, a student must have selected a project area and begun organization on construction.

Mr. Darwin Larson and Mr. Robert Thompson are advisors of the Science Club.

Student Council Meets Jan. 16

Highlight of the regular meeting of the Student Council held January 16 was a proposal, presented by Mr. Darwin Larson, program chairman of the Clarenceville P.T.A. His proposal was to allow all organizations of the school an opportunity to be represented at the March 19 meeting of the high school P.T.A. This opportunity would aid clubs and organizations at Clarenceville by furthering the understanding of parents in the matter of after-school activities.

Mr. Larson suggested that all organizations present a talk or give a demonstration at the P.T.A. meeting.

Also included in the business of the meeting was the election of a chairman to be responsible for the Student Council bulletin board. Dennis Norbeck was chosen chairman of the committee. It was also mentioned that student organizations posting advertisements were responsible for removing the signs and posters after the activity.

Speech Club Makes Plans For Spring Forensics

The Speech Club met Monday, January 14, at which time plans were initiated for the annual Spring Forensics Tournament scheduled for late February.

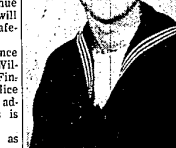

Students interested in Spring Forensics may participate in any of the six fields of: Original oratory, interpretive reading, declamation, extemporaneous speaking, dramatic reading and humorous reading. It was indicated.

Students interested in participating are asked to contact Richard Hixon or Miss Marilyn Anderson, faculty advisors. A future meeting is planned for those interested in the activity.

A committee was chosen to prepare posters for the Spring Forensics.

SEAMAN Apprentice Robert W. Johnson is now awaiting transfer from the U.S. Naval Receiving Training Station at Norfolk, Virginia, to the ship U.S.S. Mauna Kea AE-22, the naval department disclosed this week.

Johnson is the son of Mr. and Mrs. Cyril George Johnson of 2249 1/2 Shadyridge Avenue, Farmington.

Washington, Iowa, "Evening Journal" - Iowa's right-to-work law has now been in effect ten years; but efforts to repeal it have been constant and will continue, no doubt. But the argument that such a law was designed to hurt the unions has already been lost. The unions have been doing all right under the law.

LOOK!

... more than a car
... more than a truck

LOOK again!

IT'S THE NEW FORD RANCHERO

HAULS LIKE A TRUCK! No need to hold back on load. Fits on — the Ranchero packs a greater payload than many standard pickups! Power plenty, too—Short Stroke 144-hp Six or either of two Short Stroke V-8's, up to 212 hp. Fordomatic or Overdrive available at extra cost.

HANDLES LIKE A CAR! Ball-joint front suspension and outboard-mounted rear springs—first time on any pickup—give true passenger-car ride. Cab interior is exactly like that of the '57 Ford Ranch Wagon. Power steering, power brakes, power seat and power windows available at extra cost.

Looking at the boldly modern styling of the new Ford Ranchero, you may find it hard to believe that it's actually a man-sized truck, built to do a man-sized job. But it won't take you long to find there's a lot of left behind the Ranchero's glamour.

It carries more than half a ton. That's more capacity than many standard pickup trucks offer you. The all-metal body floor is over six feet long. Loading height is less than any pickup. No matter how you look at it, the new Ford Ranchero is a real workhorse.

And it's a show pony, too! The Ranchero looks, rides and handles like a passenger car. Its low, crisp lines have a wonderful way of saying how progressive you and your company are.

The new Ford Ranchero is surprising in many ways, not the least of which is its low price. Never before has so much style and luxury been packed into so rugged a vehicle at such a low price.

See 'em Soon!
