Housekeeping's easier
with a
kitchen phone

Especially when you need to keep an eye on active youngsters and on the stove, too.

Today's efficient housewife knows that one phone in the house just isn't enough. Dashing from one end of the house to the other when you hear the phone ring is as outdated as the scrubbing board.

You can add telephones for your kitchen, bedside or basement for only about a dollar a month each, plus a nominal one-time-only charge for installation and color.

Select additional phones from eight smart decorator colors to blend or contrast with any room in your home. Egyptian Blue, Bermuda Beige, Persian Brown, French Ivory, Georgian Gray, Roman Red, Aztec Yellow and Venetian Green.

To order your additional telephones for your home, just call our Business Office.
