

PLAN HEARING TO AIR HEATING CODE VIOLATIONS

An official of the Michigan Securities Commission will conduct an examination and hearing, Thursday morning at the Township Hall, on alleged charges that four heating contractors are operating in the Township without a license.

John Considine of the Michigan Securities Commission, will conduct the hearing. Officials of the Township Building Department stated that the individuals have been previously warned that they were in violation of the Township Heating Ordinance.

State Pays Over \$7,500 In Bounties In January

Michigan paid \$7,500 in bounties for coyotes, bobcats and foxes during January.

Conservation Department officials show that 34 coyotes, 28 bobcats and 138 foxes were presented for bounty during the month.

One coyote was bountied in Iosco county and all the others were taken in various upper peninsula counties. Nine were taken in Houghton county.

Bounties on bobcats are only paid in the upper peninsula, and foxes were bountied generally throughout the state.

We hate some persons because we do not know them and we will not know them because we have not them. —Colton

April 1 Absentee Ballots Available

Absentee ballots for the April 1 General Election are now available at the Town Hall and the Municipal Building, Floyd A. Adams, Township Clerk and Kathryn Cotter, City Clerk, announced this week.

Qualified electors of the Township may make application for absentee ballots at the Town Hall during regular business hours. City electors can obtain their absentee ballots at the Municipal Building, City persons who are going to be away from the community on election day or who are unable to get to the polls because of physical reasons, are eligible for absentee ballots.

In addition to the absentee ballots, officials are now in the process of securing the printed candidate strips which will be installed on the voting machines in both the City and Township. The strips will include the names of the various state political candidates as well as the non-partisan judicial candidates. The City machines will carry also the names of the local candidates as well as the annexation proposal and the Public Works bond issue proposal. The Township machines will include the names of the various local candidates in addition to the special levy for operation of the new library. Special ballots will be printed for the annexation proposal since only property owners in the area to be annexed will vote on the question.

Alta Loma Sub Happenings
Dolly Williams GR. 4-1507

The A. J. Tischebims of 33915 Alta Loma Drive have returned home from a two week vacation at Fort Lauderdale, Florida.

Mrs. William Gates of Moore Drive also spent a two week vacation at Fort Lauderdale recently. She was the guest of Mr. and Mrs. William Sheldon.

The Richard Nieterts of Moore Drive spent the weekend visiting relatives in Dayton, Ohio.

Mr. and Mrs. Ed Kelly of 33902 Moore Drive were in Lansing over the weekend visiting relatives and friends.

The Frank Murlands, Moore Drive, enjoyed a weekend visit with relatives and friends in Indiana, Pennsylvania.

Mr. and Mrs. Jesse Downs are the proud parents of a 7 pound, 6 ounce baby boy born March 18. Mr. Downs is the brother of Mrs. Ralph Howard of Moore Drive.

A welcome is extended to Mr. and Mrs. Goltz Thumm of 34102 Cass Court and their twin daughters who recently moved into the subdivision. They formerly resided in Detroit.

Northwest YWCA Offering Varied Saturday Recreation Program

The Spring Recreation program sponsored by the Northwest YWCA will be starting for a ten week term on Saturday, March 30 at Cody High School. Juniors, teenagers, and adults are eligible to participate in the program. The program hours are from 8:45 a.m. to 12:45 p.m.

Nine swimming classes are featured for girls and women of every swimming ability, even non-swimmers who would like to overcome fear of water. Mr. Bert Hubbard, outstanding swimming instructor in the Detroit area, will instruct the Adult beginner class. Adults who have mastered the beginning front crawl and elementary back stroke will be eligible to enroll in the Adult intermediate class which will also be taught by Mr. Hubbard.

Junior and Senior Life Saving will be taught by Margaret Waller, an instructor who has been teaching in the program since it originated in January of 1956. Everyone interested in enrolling in life saving will be given the Red Cross test the first day to determine their eligibility. All girls taking Junior Life Saving must be at least 12 years old. For girls at least 5'2" in height, two beginner and two intermediate swimming classes will be given.

Girls 6 years of age and older are given an opportunity to take Creative Dance under the instruction of Norma Carter, Director of the Detroit All-city Modern Dance Group. Miss Carter will be assisted by Marjorie Van Wigen of Wayne University. Advanced Creative Dance will be open to the girl who has already had creative dance instruction in the program, or on the approval of Miss Carter.

Dramatics will be taught to boys and girls 10 years through 15, by Miss Judith Jett, an outstanding Director with the Wayne University Theatre as well as actress with the Melody Circus Theatre. The enrollment to these classes will be limited to 15 for each class.

Water color, oil painting, a d charcoal sketching will be featured for boys and girls 8 through 11 years in one class and 12 years up in another with Mrs. Bernice Forrest as instructor. Mrs. Forrest will also be teaching two craft classes for the same age groups at a different time in the program.

Another very popular activity which is being continued this term will be fencing. Two classes will be offered for beginners and one for advanced. All juniors and teenagers who enroll in the program may choose the class they are most interested in taking.

In order to make the morning an enjoyable one for parents and adults who bring their children, a class in Bridge instruction is being offered between the hours of 9:00 a.m. and 11:00 a.m. This class is being taught by Mrs. Ralph Jossman and is open to men and women.

All classes are limited in enrollment. For further information on this program contact the Northwest Branch YWCA at 17209 River Drive or call KE 3-3899, KE 3-6328 or KE 3-6910.

City Council

(Continued from Page 1A)

The Trucking Company and the property owner's portion being \$48,978.50 or \$8.88 per front foot.

The Hawthorne Street project, involves the installation of asphalt paving from Shawwassee north. The specifications call for six inch asphalt base and 2 inch asphalt surface as well as asphalt curbs and gutter. The estimated cost is \$7,188.50 or \$3.90 per front foot all of which is to be borne by the property owners.

A public hearing was set for 8 p.m. on April 8 to hear any objections or comments on the proposed rezoning of the south west corner of Shawwassee and Money from Residential One to Residential Three for the purpose of constructing multiple dwelling units. The hearing will also include a request for an amendment to the ordinance permitting the construction of more units than are now allowed. It is proposed that 18 structures be constructed on the site each to include four housing units.

The Council authorized the City Manager to contact various appraisal firms in order to obtain an estimated cost on the re-appraisal of property within the City as recommended by the Board of Review. Scherfius stated that he had planned to include an appropriation in the 1957-58 budget for this purpose.

A letter was received from Lawrence Kelly requesting the City to refrain from dumping as well as burning combustible material on the present city-owned property east of Farmington Road and north of the Cut-off. Kelly stated that he had received numerous complaints from residents in the Alta Loma Subdivision regarding the dumping. Scherfius stated that he would investigate the possibility of obtaining a new dumping site.

The City Manager was authorized to prepare and execute a contract with the Farmington School Board for connecting the sewer from the new Shawwassee Road school to the interceptor at a cost of \$1,000. A public hearing on the proposed vacation on Valleyview Drive was set for April 10. Scherfius stated that the owners of the property involved have reached an agreement which will allow for the complete development of Valleyview Circle thus eliminating the question of extending Valleyview Drive to Valleyview Circle.

You always know what to expect from one fellow in the office. He has an even temper—it's uniformly bad.

Of mother's little helpers the lazy husband is the least.

Local State Farm Agent Reports Record Premiums

The greatest premium volume in the history of fire and casualty insurance was reported this week by State Farm Mutual Automobile Insurance Company.

Total 1956 earned premiums are \$270,838,068, up 17 per cent over 1955, the best previous year, and net premiums written reached a record \$267,250,728, an 18 per cent increase according to Agent C. H. Rayner, local agent with offices located at 32749 Northwestern, for the Bloomington, Illinois firm.

The company took over leadership of the entire fire and casualty field in 1955, but has led in auto insurance for 15 years. State Farm Mutual insures 4,650,000 cars, about one of every eleven, in its main operating areas, he said.

In 1956, State Farm Mutual earned auto premiums of \$263,781,386 to outdistance its nearest auto competitor by \$23,607,577 and widen its 1955 lead by almost \$10,000,000, Agent Rayner reported.

Year-end surplus to policyholders was \$110,868,158. Assets were \$367,909,818.

New records were also set in 1956 State Farm's life and fire insurance affiliates. State Farm Fire and Casualty Company had an increase of more than 28 per cent in direct premiums to \$21,187,482. State Farm Life Insurance Company wrote \$212,168,415 of new ordinary life insurance, almost 15 per cent more than in 1955, and had \$1,089,831,100 of life insurance in force at the end of 1956.

State Farm was founded 35 years ago this June, pioneered new underwriting practices and captured first place in auto insurance in 1942, after World War II, the company decentralized operations (14 regional offices, others planned), strengthened its agency organization and stepped up advertising. Premium income nearly doubled from 1946 to 1951, and four years later State Farm went ahead of the fire and casualty field's traditional leaders.

Named A Leading National Salesman

Charles Solar of 34000 Twelve Mile Road was given National Recognition by his company, Investors Diversified Services, Inc., for record sales during November of 1956 of the face-amount investment certificates and mutual fund shares issued by its subsidiaries and affiliates.

A zone manager for the 62 year old investment management corporation, Solar also won an award in the President's Club for customer service achievement. The President's Club is an annual honor roll of the company's leading sales representatives. He was in the corporation with more than 2,600 IDS sales representatives who service accounts throughout the United States and Canada.

Greg Clark, IDS vice president, stated that the awards reflected the results of a record year during which total gross sales of securities distributed by the company increased by 17.8 per cent to an all-time high of more than \$6 hundred million.

When roasting lamb, allow ten to fifteen minutes longer per pound for boned cuts than for those with the bones in.

TWO BLIND MICE

Delay Releasing

(Continued from Page 1A)

between the City and Township be prepared in connection with the decree. Both Albert Gain, Township Supervisor, and Edward Mosman, chairman of the Library Board, stated that they did not feel that such an agreement was necessary. Gain added that the Township has acted in good faith and there should be no reason for concern regarding the continuing support of the program. Mayor Robert Lindbert stated that it is not a question of faith but rather the determination of an equitable policy for both the Township and City.

Mosman stated that he was under the impression that once a determination of the will had been obtained, work could be started on the development of plans for the new library building. He voiced concern over the delay. The Council later in the evening named V. O. Bates as the Council representative on the Committee. The Township Board expected to name its representative next Tuesday evening.

Americans put five cents of every income dollar in savings in 1956.

The Handyman's NOTEBOOK
by BAYARD TUPPER

It's surprising the number of home handyman who have proved go themselves that they can do wonders in remodeling and interior decorating, but who will balk at the idea of sanding old floors to make them "like new."

Actually, it's an easier job than most people think, and there's no danger of wrecking the floor as long as you're careful. Here are a few tips on how to go about it:

Rent a pair of sanders—one drum type and one edger—and get coarse, medium and fine sandpaper to fit on each. Clear the room of everything that can be removed, then inspect the floor carefully, nailing down loose boards, setting nail heads well below the surface and filling in all nail holes and cracks.

Close the doors and windows to cut the dust, and start with the coarse sandpaper, moving the drum sander diagonally across the boards. Return in the same path, then start a new path, slightly overlapping the first.

When you've done all you can with the drum sander, switch to the edger, sanding the edges, the closets and other crannies. Any spots you haven't reached should be treated with a chemical remoyer, then scraped and sanded by hand.

Sweep up all the dust, then switch to the medium sandpaper and go over the whole area again, this time PARALLEL to the boards.

After another cleanup, go to fine sandpaper, again parallel with the boards. And your third and final cleanup, you'll have a new-looking floor all ready for whatever finish you choose. Your choice of finish will depend a lot on the type of room, the amount of traffic it gets, and whether you happen to prefer a shiny surface or a dull one.

METAL PAINTING IS COMING UP NEXT WEEK.
