Collecting Music Instruments For Pacific Island

Musical instruments for use on tiny Pitcairn Island in the Pacific Ocean, made famous by the U.S. Navy, are being collected this week by members of the Clarenceville Seventh-day-Adventist church. The collection is in response to a short-wave message received from Pastor L. E. L. Hawks of the Seventh-day-Adventist church on Pitcairn where the entire adult population are members of the Adventist church.

According to Pastor Wayne Ellis of the Clarenceville Adventist church, the message from Pitcairn asked for used hand instruments to replace those lost to the rigors of the island's tropical climate. Members of the church on Pitcairn maintain a church band for religious services and for other special occasions.

Clarenceville church members will send the instruments to church administrative headquarters at a 1911 Burien Springs, Michigan, from which point they will be forwarded to a ship whose course passes the island. Ships call at the remote island very infrequently. Pastor Hawks reports, Islanders have gone without a ship calling at the island for periods up to three years.

The anchor of the historic "Bounty" was recently recovered from the waters surrounding Pitcairn by Pastor Hawks and Irvin Johnson, master of the sailing ship "Yank-ee."

Everlasting Punishment? Christian Science Topic

How sin and suffering are destroyed through spiritual understanding of Christ, Truth will be explained at Christian Science services Sunday.

Scriptural readings in the Lesson-Sermon entitled "Everlasting Punishment?" will include the passage from Lamentations (2:34-41): "Wherefore doth a living man complain, a man for the punishment of his sins? Let us search and try our ways, and turn again to the Lord. Let us lift up our heart with our hands unto God in the heavens."

Correlative selections will be read from "Science and Health with Key to the Scriptures."

Adventist Set-Up 'Denial Bank' Plan

After bowing their heads in gratitude for their own good fortune at mealtime this week, members of the Clarenceville Seventh Day Adventist church are also giving tangible help toward the good fortune of others.

Following grace before the meals, the church members are placing coins in rapidly-filling "Self Denial Banks" which are placed on the dining table of each Seventh-day-Adventist family.

The unusual offering method will continue until May 25, when members will bring their banks to the local church at Oxford and Grand River to turn the annual Disaster and Famine Relief Offering for the denomination.

Mr. Fred Schenk, Home Missionary leader of the church said that the funds from the banks will be sent to Seventh Day Adventist world headquarters in Washington, D. C., where they will be administered by a Disaster Committee of the church, which dispatches funds to disaster and famine areas around the world.

"DELAYS BREED DANGERS"
(Author's Name Below)

One of the reasons why the average life expectancy is increasing each year is that people now are wise enough to consult their physician at the beginning of an illness. To delay proper treatment can be dangerous.

Grandma's home treatments were often helpful, but remember how long a cure took, and how weak they left you.

Don't handicap your physician's ability to help you. Always visit him at the beginning of an illness. Delay can be dangerous.
