Most June subdivision birthdays have been celebrated with picnics, and such was the case of Mrs. John Palaskas, who resides with her son, Joseph Kacin on Dohany Drive. A family picnic was held in the yard on Sunday, with twelve guests present.

On Friday, June 21, Bob Conklin observed his tenth birthday at his parents' summer home on Runyan Lake. Mrs. Blouin and four young sons, Mrs. Joseph Kacin, with Joseph, Jr. and Jimmy, and Mrs. Joseph Gregory together with her three children, all spent the day at the lake picnicking, swimming and boating. All four families are neighbors on Dohany Drive.

Karen Maneeke's thirteenth birthday was celebrated June 22nd with her maternal grandparents, Mr. and Mrs. Fred Brown, coming from Detroit for an evening dinner.

On the following day, Sunday, June 23, Karen's aunt and uncle, Mr. and Mrs. Maneeke, held a family reunion and picnic at their home in Kendallwood Subdivision. Another huge birthday cake was provided for the dessert that day. Guest of honor at the family picnic was Mrs. Clarence Hertzog and her three children from Spokane, Washington. Mrs. Hertzog is a sister of John and Bill Maneeke.

Mr. John Timmerman, who resides with his daughter, Mrs. William Burgess on Dohany Drive, is

On Tuesday evening Carolyn Smith of Broadview was the hostess at a farewell party for Kathy Kenny of Orchard Lake Road. Kathy has left for Adrian to enter the Dominican Convent. Over thirty guests were present, all members of the graduating and senior class of Ladywood High School. A buffet lunch was served, and Kathy was presented many lovely gifts.

A most enjoyable fishing trip for father and sons is just a memory now for Larry and Douglas Clingman and their dad, Lawrence Clingman. They have just returned from a week vacation at Foot Lake near Champeaux, Canada.

Billy Halle of Columbus, Ohio, is spending the summer with his aunt and uncle, Mr. and Mrs. Robert Wildie of Powers Road.

The Cyril Johnsons of Shadyridge spent a busy Sunday between St. Mary's of Redford Church, where they were godparents for a nephew, Lawrence McKenna; the parish picnic at Our Lady of Sorrows Church, where they were happy to greet Father John Dunn, who is up and around on crutches after his accident near Sault Ste. Marie last winter, and finally, attending a swimming party and wedding shower at the Edward Davies' home in Bloomfield Hills, given in honor of newlyweds, Mr. and Mrs. David Pottinger.

The David Krings spent the weekend at the summer home of Mr. and Mrs. Oliver Gay of Dearborn, at Cordley Lake.

Local Rosicrucian Appointment

The Rosicrucian Order (AMORC) will be represented in this community in its extension activities by Arlie J. Sharp, of 2825 Schroeder, who recently received a certificate of appointment as District Commissioner from the Grand Lodge, located in San Jose, California.

The duties of the Commissioner are varied and his services are without compensation. Among other things, he is required to place paid advertisements in local newspapers, in conjunction with the advertising campaign of the order; the activities of which are international. According to Mr. Sharp, it is his duty, also, to analyze the Rosicrucian radio programs if and when broadcast over local stations.

The Rosicrucian Order is a fraternity devoted to the dissemination of knowledge of the natural laws of life and the teachings of philosophy. It is neither commercial nor religious. Its work is worldwide and each country has its various sectional lodges, chapters, and extension commissions. The international conventions, which are held annually at San Jose, are attended by hundreds of students from different nations. Each District Commissioner encourages all members of his community to enjoy, if possible, the experience of attending such meetings.

Teaching American Government

The Harding Academy outline for American Government begins with the Woodrow Wilson quote on the danger of concentration of power in government, and says in its introduction: "The United States of America was founded by men who loved liberty and prized it above all other possessions. . . . Today we have many people within our own household who would change 'The American Way.' They would make the State all-powerful and subordinate the individual. If they were to prevail, that kind of government would destroy individual freedom, in fact, all the individual rights we now have."

Goals to be developed in each student: (1) A knowledge of the American Constitution and gratitude to the men who wrote it; (2) An understanding of the form and functions of national, state, and local governments in the United States; (3) An understanding that liberty is law and that respect for law must be inculcated in the citizenry until it becomes a national virtue; (4) A knowledge that our whole concept of democracy rests upon a recognition of the worth and dignity of man; (5) A sense of responsibility for the demands of citizenship in a free country.

Course Content

A list of further desirable basic understandings is given, and a list of necessary supporting skills which should be developed through field trips, outside observations, newspaper reading, etc. The suggested course content is: (1) The Development of the State; (2) Our Federal System of Government; (3) State Governments; (4) Local Governments; (5) Principles of American Government; (6) The United States in World Affairs.

Basic text for the course is American Government (1955), Magruder-McClanahan, Ailyn and Bacon, Inc., Dallas. A list of reference books, suggested newspaper and magazine reading, pamphlets, and audio-visual aids is given. Among the films used in this course by Harding Academy are the first three of the National Education Program's "The American Adventure" series. Teachers or interested parents may write for a copy of the outline.
