Lewis Mumford, an expert on city planning, has this to say: "Either the motor car will drive us all out of our cities, or the cities will have to drive out the motor car-not by absolute prohibition, of course, but by restric-tion of size and access, favoring small cars, and penalizing such monstrosities as those fantastic and insolent chariots with which American motor car manufactur-ers now burden our streets and parking lots."

**SOMETHING NEW**  
A grizzled old prospector had struck it rich and had gone into the city for a spree. He hadn't been out of the wilds for years. First, he went into a barbershop in a suburb to get a shave. It was something he hadn't enjoyed in years. The barber had a pet mon-ey which was continually imita-tion of his owner. The barber went to the back for a few minutes and the monkey proceeded to lather the man's face. Then the monkey started stropping the razor and the old man rose up and exclaimed: "Stop that! Ye kin tuck th' towel around my face and lather me up, buy by golly yer father's got to do th' shavin'!"  
The ablest men in all walks of modern life are men of faith.  
—Bruce Barton

"Whose bread I eat, his song I sing," comes to us today as a warning proverb from the England of long ago when men were fight-ing for their freedom.

**WIN DOING WE LEARN**  
(Author's Name Below)  
Before a physician receives his license to practice medicine he must learn how to do everything necessary to diag-nose and treat disease.  
Before we pharmacists recom-pend our license to practice pharmacy we must compound prescriptions under the watch-ful eyes of our instructors, and prove that we know how to properly compound and pro-ect the potency of medicines.  
Therefore, your future health is always better served when you go to your physician for advice on what to do and what to take, and get any re-med medicine from your phar-macist.  
**YOUR PHYSICIAN CAN PHONE GR. 4-2011 WHEN YOU NEED A MEDICINE**  
Pick up your prescription if shopping near us. A great many people entrust to the res-ponsibility of filling their pre-scriptions. May we compound yours?
