

Eagle School PTA To Hold First Meeting Monday

What awaits your child in the forthcoming year at school will be the theme of the first meeting of the Eagle P.T.A.

The teaching staff will meet with parents in the classrooms to demonstrate teaching methods and to explain the use of textbooks and teaching aids. It is hoped that parents will gain valuable information regarding curriculum as it is planned for each grade level. By dividing the parents into groups some will hear Miss Cottrell, the principal, explain overall school policy and plans for the year ahead.

Morton Kanfer program chairman urges all parents to avail themselves of this first opportunity to visit the school and to witness a "curriculum analysis". Mrs. Conrad Lam, president, has announced that there will be no business meeting, but a social hour, planned by Mrs. Carl Monje's hospitality committee, will conclude the evening.

Membership chairman, Mrs. Milton Greenwald, and her committee will be ready and willing to accept memberships for the year, it was emphasized.

The Harry Watsons have returned home following a month's vacation in California.
