IT'S A FACT We get all kinds of trade-ins. As they come in, our mechanics put each one through a rigid 16-point safety and performance check. The ones that pass get the complete treatment. They're reconditioned, tuned up, tightened up, washed and polished, inside and out. Whether they're Chevis, Fords, Caddies, or used VWs, every one has proved itself good enough to carry our reputation around in it. Trade-ins that don't pass the Exam? They don't even see our used car lot. We can't afford the luxury of selling anything but the best. Hobby, you know.
