

**Speed Control Signs Going Up in Township**  
 The installation of 60 "speed electronically timed" signs at various locations throughout Farmington Township is expected within the next ten days to two weeks.  
 This was the information given by the Oakland Co. Road Commission in a letter read by Supervisor Curt Hall at the regular Township Board meeting Monday night, December 14.

The total cost for the signs is a little over \$500, Hall said. It is hoped that the signs will help give better speed control in the township.
