LADIES STEP FORWARD

"SPRINGTIME IN PARIS" ABROAD... AT HOME

"Daytime Beauty" is all that a work-a-day girl could be. She's smart, lively with the "petite" touch that's right for now, here or abroad. The ingredients for all this perfection: a brow that's clear, a complexion that's clear, a trend to curve-curves, a subtle feeling of motion, a nape that's nothing. In sum: a lady!

Local AFS Chapters Hold Evening Gala

To The Editor:
The American Field Service's Third Annual EVENING GALA is now a pleasant memory for many people. The Farmington Chapters sincerely thank their friends who attended the dance and also many who made contributions to the proceeds because they were unable to attend. If there is still anyone who would like to make a donation, they may contact either of the two Dance Chairmen—James Bear from the Farmington High Chapter or Mrs. Conrad Lam from the North Farmington High Chapter.

Once again the feeling prevailed that the EVENING GALA was one of Farmington's finest social events of the year. Those who attended said they are looking forward to next year's dance. Frankly, we hope they are, and even now we are urging others who have never been to the dance to anticipate next year's. Two hundred more people easily could be accommodated. Because of the fine band and the excellent facilities of the Cultural Center, the expenses for the dance are high. Unfortunately our proceeds were less than \$500, to be divided between the two chapters. We want to have something nice for our friends—an event they can look forward to each year. But also we wish that the Farmington Community would realize that the primary purpose of the dance is to meet the financial requirements of the two chapters. The Participating Contribution for each AFS student is \$50.

When asked to buy a ticket, often our friends contemplate whether or not they have another dance to attend for social reasons in the next few weeks. Or is their supper club or bridge club meeting that night? When we are asked to join the EVENING GALA, could we think only that this is our opportunity to support the American Field Service—which brings foreign students here and sends our American students abroad? Could the supper clubs be encouraged to attend the EVENING GALA, could a few of the subdivisions be accommodated en masse? We hope some ideas along these lines will come to us while they are in the early planning stages.

Our high schools are benefiting by the attendance of the foreign exchange students. It is a fine experience for our youngsters. We wish each Chapter could finance another AFS student. We would have homes. This year 20 families inquired about having an AFS student for the next school year. This increased interest is heart warming and we wish we could accommodate each family.

Many of our families had an exchange student spend the weekend with them during the two Brotherhood Weekends, in which there was a total of 73 boys and girls from all over the world visiting in the two Farmington high schools. This is a special opportunity for our community. We are making lasting friendships that will reach around the world. It is good to remember that the boys and girls who are chosen to be exchange students are undoubtedly the future leaders of their country, and it is our pleasure to open our homes to them. The American Field Service contributes to all these activities.

FARC Reports Record Number In Attendance

The Farmington Area Recreation Commission completed their winter recreation program Saturday, March 6, as reported by Charles Shandor, director, was more successful than last year in the total amount of participation. Last year's grand total for 8 schools was 2,613. This year the total for 8 schools was 2,802. This is an increase of approximately 290 with one less school used in the program.

THE TOTALS For each school follows: (The total is first and the average attendance is in parentheses.) Eagle, 358, (39); Kenbrook, 515, (91); Beechview, 661, (108); Wm. Grace, 83, (12, held last week); Shawnee, 245, (37); Ten Mile, 133, (20); Cloverdale, 300, (50); and Gill Road, 387, (64).

Wm. Grace had poor attendance and will probably not be used in 1966, according to Shandor. As it was last year, the view had the highest attendance. The Commission commended the supervisors who ably handled large numbers without any serious problems.
