CLAIR AND THERESA McKay flew to California February 9. They landed at Los Angeles, where they had a little sight-seeing there before driving to Palm Springs—after the golf tournament. They then spent 24 days in Laguna, before going to Los Altos to visit a nephew of Theresa's. They then returned to Los Angeles for a few more days before returning to San Francisco. Here they took several sight-seeing trips including one to see the redwoods. They had beautiful weather with not a day of rain. They flew home last week Wednesday.

ALICE TOTHI, corresponding secretary for the Women's Association, got news of the March meeting into the mail two weeks ago yesterday, but Uncle Sam did not get them delivered to her until Monday the 1st. But, under phone calls and the late notices more than 20 got to the meeting held at Loretta Wandh's. Leah Cosentino, a woman from San Francisco, was the guest of honor.

Mariam Lam reports that between \$300 and \$350 was raised for the AFPS Gala Night to help bring foreign students to Farmington.

Charlie and Betty Brown drove to Florida leaving here February 9, taking a leisurely trip down via Louisville, Ky. to Nashville, Tenn.; to Ocala, Fla. to Pampano Beach and Fort Lauderdale where they visited friends and neighbors wintering there. They had beautiful weather. It was on the radio that they heard of a twister about a mile and a half west of them. It damaged a trailer park but there were no fatalities. They then drove across the state to Clearwater and from there to the Gulf Coast reaching here last Friday.

It is a pleasure to welcome Betty and Nancy Dunham to Wood Creek and the two children, Nancy, 2, and Mark, 7. Perry has been in the hospital with pneumonia but Nancy expected to bring him home Monday.
