## Statements, Facts On City Council Candidates

(Between now and the April 5 election The Farmington Enterprise will be accepting statements from the seven men seeking election to the three seats to be filled on the Farmington City Council. All candidates are being invited to submit statements or information about themselves for publication.

(The Enterprise will reserve the right to edit or delete any portion of the information that may be submitted by any of the candidates. Since space limitations exist, all candidates are urged to keep their statements as brief as possible. — THE EDITOR.)

**SANDY BROTHERTON.**  
As a member of the City Council and the Planning Commission for the past 7 years it has been my job to help keep the "Pig Out Of The Parlor" through proper zoning and enforcement of ordinances. W. A. (Sandy) Brotherton commented this week.

"The job was a complicated one because most of the city was either developed or zoned prior to 1957. In addition, some of the ordinances on the books had never been tested and the first time the city tried to enforce them it found them confusing and even contradictory.

In order to give our Public Safety and Building Department ordinances they could understand we made the following improvements: Codified City Code, Anti-Litter Ordinance, Housing Code, Truck Ordinance, Subdivision Control Ordinance, Stricter Apartment Regulations, New Zoning Ordinance and many more.

While these will not cure all of our problems they are giant steps forward. With dedicated, experienced citizens on the Planning Commission and City Council new problems can and will be met with confidence and in a spirit of fairness to all.

"Be assured 'WE WILL KEEP THE PIG OUT OF THE PARLOR.'"

**JOHN ALLEN**  
"Because of my experience, study and practice in the field of design and city planning and a real desire to serve this community, I have entered the campaign to be elected Councilman for the city of Farmington, John Allen states.

"In Farmington we have a singular natural resource, not to be overlooked, the River Rouge Valley. It is the responsibility of the administration to preserve, develop and enhance this enviable asset. Now, while it is still available, the city should seek immediate acquisition of the additional land along the river before soaring costs make this impractical. The stream should be cleaned and maintained.

Effort should also be made to obtain property for additional park area in the southern portion of our community and a city-wide program of tree planting and preservation should be undertaken.

Future building developments should be carefully planned. More attention should be given to placement of buildings and a program to site. Proper

## Candidates Exchange Club Views Sea Film

(Continued from Page 1-A) at which time coffee will be served, she said.

**THE "MEET THE Candidates" night program, sponsored by the Farmington Jaycees on Thursday, April 1, will be for the seven candidates vying for City Council seats only. It was reported by Chairman Ralph Parin. This program will be conducted in the Farmington Senior High School gymnasium, located on Shawwassee Road at Lakeway, and also begun at 8 p.m.**

All City of Farmington residents are being urged to attend and pack the gymnasium.

While plans are not yet totally completed, Parin stated that each of the seven candidates would probably be allowed to make individual presentations limited to seven minutes each. After this question time from the floor directed at any one of the candidates would then be allowed. A time limit of two minutes for a candidate to answer any of the questions put to him is being considered, Parin said.

"YOU CAN DEFEND ON D&M!"

The many young families are finding increasing problems of traffic safety for their school children. Cooperation should be extended, and we should be concerned with expediting safety programs.

The Association of parts of Farmington Township would be logical for residents of the city and part of the Township.
