Why have Chrysler sales almost tripled around Detroit?

PRICE ONE

CIDAA

Detroit's Hometown Car is breaking all records.

In Wayne, Oakland and Macomb counties so far this year, Chrysler sales are up 191%* over the same period last year.

When people ask us how come, we point to the price. Chryslers aren't all that expensive.

In fact, seven Chrysler models are now priced just a few dollars a month more than the most popular smaller cars, comparably equipped.

*Based on sales for 1965 through March 20, compared to the same period last year.

That small difference in price includes power steering, power brakes, 383 cubic inch V-8 engine, radio, heater, automatic transmission and front seat belts. A lot of car for the money.

With that for openers, consider this.

Our record sales mean we can give great deals on new Chryslers now. Visit the Chrysler man near you and swing one. Today.

News from Kimberley

BY VERA R. KERASTAS

474-3237

For those of you who were unable to attend Kimberley's Association meeting last week, here are a few items of interest that were acted upon. Some of our residents have been neglecting to seek the association's approval before carrying into property improvements. It is suggested that all those who contemplate such actions contact the architectural committee for approval and thus be assured that those changes will meet all legal requirements.

In spite of the best efforts of several public-spirited individuals, the maintenance of our entrances have continued to be a problem. To counteract this, the members decided to purchase new signs in replacement of those which were destroyed by vandalism, and employ local teen-agers to refurbish and maintain the landscaping and lighting of our entrances.

That wonderful time of the year is almost here. I mean the hot weather that invites picnics, outings, vacations, and, namely, swimming. Lucky Beechview Pool members can air their swim suits, maybe go on a diet, and be waiting at the "cottage door" May 29 at 12 o'clock noon. The pool will be open for the Memorial Day weekend and then weekends only until school ends.

At the end of another fun season, the Kimberley Couples Bowling League had their dinner party at the Farmington Country Club, Saturday evening, May 8. The champion first-place winners were the husband and wife teams of Don and Nancy O'Malley and Don and Les Prover. However, Jo Olsen also received a trophy since she substituted for Nancy O'Malley during her recent accident recuperation. Men's high game, high average, and high series were all won by Don O'Malley. Jo Olsen topped the women's high average prize, Eleanor May walked off with the high game trophy, and Mary Lawson won the women's high series.

Last year's Sunday afternoon baseball games for adult males is being revived again this summer. Details were decided upon at a meeting held last Sunday at Bill May's on Pipers Lane. Anyone interested in this fresh air sport call Bill May-474-3277.

In such a lovely atmosphere, with a good band, fine company, and excellent food, it is little wonder that Saturday evening's spring dance turned out to be such a success, both financially and socially. The 42 gorgeous planter-effect centerpieces that graced the tables were ear-marked by Kay Petris for all the gals who helped in committees and in sales. She also wishes to extend a grateful thank-you to co-chairman Jo Olsen, ticket chairman Jackie Mathol, and all the loyal ticket salesgirls.

We were all sorry to hear that Louise Bloomberg's mother died last week in upper New York. Please accept our condolences.
