"Magic Touch" GAS TOP BURNER
TAKES THE GUESSWORK OUT OF COOKING
AUTOMATICALLY!

Like magic... foods don't burn, don't boil over! Now you can cook on top burners by temperature control, the same as in your oven. The secret lies in the new Gas Top burner that "feels" the temperature on the bottom of the pot. This "Magic Touch" top burner makes every pot, pan and skillet your own automatic cooker. Whether you're preparing elaborate sauces or deep-fat frying (in an ordinary saucepan) the Gas flame does all the necessary adjusting by itself... like magic. And new Gas Ranges have other enchanting features... they're automatic all the way. Oven, broiler, griddle, roast control, rotisserie and ignition are self-operating, too.
