Enjoys First Flight as CAP Cadet

The following was written by Cadet Thomas Haworth of the Farmington Civil Air Patrol on his first experience in flying as a cadet.

On September 29 a group of Civil Air Patrol Cadets and myself went to the New Hudson Airport to fly. The airplane in which we flew was an L-16 observation plane.

As I entered the cockpit I felt a little scared, but as we took off I conquered my fear of height. As we flew along in the sky, I saw what looked like a scale model of Southern Michigan. Everything resembled a toy. The farm, fields, automobiles and people looked so tiny. The flight was wonderful!

When the plane landed I discovered that my nose was clogged and my ears ringing. I don't believe I've had anything so wonderful and interesting happen to me in my entire life. Now I wish to own

a plane which would enable me to fly alone.

This experience can happen to any young person over the age of 14 who is eligible to be a cadet. Those wishing to participate are asked to call Mayfair 6-3006 or Mayfair 6-3802 between 4:00 and 9:00 p.m.

Tip on Spareribs

If your family likes spareribs, ask the meat counter suggests VNU Marketing Information Agent, Mrs. Josephine Lawyer. Look at spareribs, then look at "country" or "old fashioned" spareribs. This second cut is the rib-end roast, split lengthwise through the bone. These "country" style spareribs have more meat per pound. You can plan one pound of spareribs per serving; one-half pound "country" spareribs per serving.
