CONTROL OF PRIVATE SWIMMING POOLS An Ordinance for the regulation of the public relative to the use of private outdoor swimming pools.

IT IS HEREBY ORDERED BY THE PEOPLE OF FARMINGTON TOWNSHIP:

Section 1 It is hereby determined that outdoor swimming pools may endanger the public safety unless carefully regulated and supervised.

Section 2 The term "swimming pool" as hereinafter used shall mean any structure or container, either above or below ground, wholly or in part of which is a permanent enclosed and roofed building, designed to hold water to a depth of greater than twelve (12) inches when filled to capacity, intended for immersion of the human body, whether for swimming or wading or both.

Section 3 The term "person" shall include all individuals, groups of individuals, partnerships, associations, firms or corporations. The singular shall include the plural and the masculine the feminine.

Section 4 It shall be unlawful for any person to construct or maintain a swimming pool without first making application to the Township Building Inspector and obtaining a permit herefor.

Section 5 Application for such permit shall show the name of the owner, the location of the proposed swimming pool, the manner in which the pool is to be constructed, the depth of the pool, the number of gates therein. Application for such permit shall be submitted to the Township Building Inspector on a form provided for that purpose showing the location of such swimming pool and a detailed plan of such swimming pool which shall contain full information as to the type, height and location of the fence surrounding said swimming pool, and the number of gates therein. Application for such permit shall be submitted to the Township Building Inspector on a form provided for that purpose showing the location of such swimming pool and a detailed plan of such swimming pool which shall contain full information as to the type, height and location of the fence surrounding said swimming pool, and the number of gates therein.

Section 6 Any person violating any of the terms or conditions of this Ordinance shall be and he is hereby authorized and instructed to be punished by a fine not exceeding the sum of one hundred dollars (\$100.00) and costs of prosecution in the county jail not exceeding ninety (90) days, or by both such fine and imprisonment at the discretion of the court.

Each day on which any such violation may continue shall constitute a separate offense. Any such swimming pool, installed, operated or maintained in violation of the provisions of this Ordinance shall constitute a nuisance and the Township may, in addition to the penalties herein set forth, maintain any proper action in any court of competent jurisdiction for the abatement of such nuisance.

Section 11 Existing swimming pools which do not conform to the fencing requirements of Section 7 of this Ordinance shall be brought into compliance with the provisions of this Ordinance by the effective date of this Ordinance.

This Ordinance shall be effective when adopted by the Township and when so adopted after thirty days from the date of its first publication of said Ordinance.

LEGAL NOTICES

No outdoor swimming pool shall be built, constructed or assembled on any lot or parcel of land which is less than 10,000 square feet in area.

No swimming pool shall be constructed or operated or conducted out of doors unless it is located within a fenced enclosure at least four (4) feet in height, the said fence to be located immediately adjacent to the perimeter of the pool. The pool and fence shall be securely closed and locked at all times when said swimming pool is in use so that no person may be injured by or drowned therein.

Any person violating any of the terms or conditions of this Ordinance shall be and he is hereby authorized and instructed to be punished by a fine not exceeding the sum of one hundred dollars (\$100.00) and costs of prosecution in the county jail not exceeding ninety (90) days, or by both such fine and imprisonment at the discretion of the court.

Each day on which any such violation may continue shall constitute a separate offense. The Bay Is Green To Open Nov. 15

"The Bay Is Green" will open on November 15 with tickets going for a special discount price for opening night for only one dollar.

The movie "The Bay Is Green" will be available for the regular price.

This is the Farmington Players' first attempt of an original theatrical production.

Reservations should be made immediately. Official tickets will be sold in advance. No tickets will be sold the nights the play is given unless special arrangements are made in advance.

The play will be presented at 8:45 p.m. in the Players Bar on Twelve Mile at Powers Road. Due to limited seating capacity, please arrive early.

It is necessary that the Players know how many guests to expect, officials indicated by the play written by Donald A. Yates of Kendallwood Subdivision. Gerry Giguere, the domineering father, plays opposite Mrs. Parsons. Leonard Stone plays the part of the older son who has attempted to live his life in the image of his father.

The first production of the play is directed by Herman Barkholz.

To procure tickets for "The Bay Is Green" phone Mrs. W. B. Brotherton, GF 4-0225, or Mrs. Parsons, Bissett, GR 4-1378, or any member of The Farmington Players.

Y-Teens from all parts of the Detroit metropolitan area will meet at the Central Branch YWCA Saturday afternoon, November 2, to hold their annual Roll Call.

Proposed Industrial Zoning Important to All - The following is a letter being circulated by the Farmington Township Civic Association, Inc., pointing out the importance to every citizen of the industrial zoning proposed in Farmington Township. It is being published in the Public Letter Box at the request of its writer, George Steinberger, association president.

Boy, are YOU lucky: Everywhere you turn in the Township today you hear people discussing Industrial Zoning. The Township is full of it; the Township Board is knee deep in studying it; the Planning and Zoning Boards are having hearings on the subject; Associations are having meetings about it; but you—

you can breathe easy, because it looks as if industry will be situated in a way that will benefit you.

But what if enough pressure is brought to bear on the powers that be, and they decide to locate industry in a way that may be right next door to you? Please be assured, less strange things have been known to happen. . . . Would you not then make more fully acquainted with the industrial zoning proposed in Farmington Township. It is being published in the Public Letter Box at the request of its writer, George Steinberger, association president.

Board will be watching. Let them know YOUR views, and that of your neighbors. The meeting will be held at the Farmington High School (Shiawassee Road), November 6 at 8 p.m. George Steinberger, President

Dear Sir: I am wondering why it is that the residents of Farmington Township have never had a chance to express their views on the proposed Interceptor Sewer. As I recall, the meeting was proposed sometime ago, there were to be meetings to discuss this pro and con, but that all seems to be forgotten since the land developer lobbied their proposal through the legislature this spring.

Now that it is proposed to make this sewer township wide which fact has been stated that Article III, Section 10 of the Sanitary Code of the Oakland County Department of Health provides that all septic tanks will have to be abandoned and all residents will have to hook into this sewer, whether needed or not.

Putting in a septic tank and a distribution line is a costly underwriting (approximately \$100.00). Is that now to be money wasted?

Why should a taxpayer having a septic tank and adequate drainage now be penalized, both by sewer assessment and by having to use the unneeded sewer facilities, because the township permitted land to be developed in such small parcels that soil pollution was unavoidable?

I, therefore, request that the Township Board give some consideration to those of us that will be burdened for years to come with a staggering debt for a sewer we neither require nor want.

Yours truly, Mabel C. Millenbach

Republicans Plan Joint Membership, Finance Drive

The first annual combined membership-finance drive for the Oakland County Republican organization has been announced by A. G. Elliot, Jr., county chairman. Elliot said that Richard C. Vandusen, recently named to the post of finance director, would head the drive. Vandusen has named R.G. Cousensman of Bloomfieldham, chairman of the membership division of his committee.

The first phase of the campaign, a membership pledge drive, will be conducted from November 7 through 17. For this campaign the county has been divided into eight areas. The first area will be the township of Farmington. Working through existing city and township Republican organizations, the block worker system will be employed. Cousensman said, block workers will pass out pledge cards for Republicans in their block to sign and return to county headquarters if they so desire. Party members who make pledges will then be billed from the headquarters on a monthly, quarterly or annual basis, depending on the preference stated on the pledge card.

Vandusen stated that the minimum objective of the drive was \$5,000 in monthly pledges. He indicated that approximately one-half of this amount would be used to support the new headquarters and the full-time staff. The remainder will go to the State Central Committee as the county's contribution to enable the party to operate effectively on a year-round basis at the state level.

"A successful drive will accomplish two important objectives," said Vandusen. "First, the county and state organizations will have adequate financing for year-around organizational work, for expanding public relations and research and for assisting to community Republican clubs. It will also go a long way toward showing the general public that the party is not financially crippled by a few large contributors."

The Evans home on Ridgeway Drive was the scene of a gala Halloween party last Thursday evening for members of the Springland Friendship Club.

The 20 women attending enjoyed an evening of card playing followed by refreshments in the gaily decorated recreation room. A short business meeting was also held.

Mrs. Lawrence Evans and Mrs. Raymond Mallon were co-hostesses.
