What's Happening

## In Your Township

By Frank Stephenson

By Frank Stephenson
After serving nine months as
your elected representative and
chairman of the Township Board,
I feel that this is the appropriate
time to submit a brief report
of what happened during this period.
The following is queded in priform "Powers and Duties of the
Michigan Township Board" by
James and Marilyn Blawie - Government Research Bureau - 1937,
Michigan State University, E. Lansing:

igan."

The problems confronting your township board as of April 1, 1957, were many and varied. After the dust of the political battle settled dust of the political battle settled, and the healing of political wounds, the board got down to business. Many new ordinances and regulations were discussed with some becoming law and others left in abeyance for further study. The board was divided into committees with a view of sharing the work connected with an expanding township.

The most important department

ship.

The most important department of township government is that of the assessor. Due to the fact that I was elected April I, 1957 and the Lax roll being spread in November, 1956 and approved by the Board of Review in March, 1957, there is little I can do regarding awar invisition that may have been

He was employee as a period of the property owners whose assessment of the property of the pro

Health
New health regulations were
adopted by the board last summer,
and Dr. Sylvan Broadman with his
assistant, Officer Earl Teeples,
has set up a card system for this
department. Or an side or a bit
dipportment is been side of the
improvements brought about as a
result of their efforts. Sanitary
sewers are the answer to 99 per
cent of our health problems.
Dogs

The dog nuisance was somewhat abated last year with the appointment of a deputy dog warden for a three-month period. Almost one hundred stray dogs were picked up and taken to the Oakland County Animal Shelter. We need a full lime warden

Township Supervisor

ment of same. An ordinance for the control of noxious weeds was presented by our legal department, which the board will deal with early this year. Roads in Farmington Township and we don't even ment was used by road commissions about 75 years ago). Every gravel road in the township has plenty of ruts and, with few exceptions, there are no ditches and

gravel road in the township has plenty of ruts and, with few exceptions, there are no ditches and some are devoid of any suitable base wiratswever. In this age of the modern automobile, (which incidentally is built for paved high-ways, we have a road situation which cannot not be assumed to the state of the state of

According to the latest reports from Pontiac, the Oakland County D.P.W. is on schendle with detail plans for the Farmington Interceptor. This being the ease, we can look forward to an early start on this main trunk sewer line during 1853.

tion with our township planning consultants, are rendering yoemar service in this field. If we, as your elected representatives, carry that our township will develop it an orderly and modern manner Forget the bleatings of a very few people who are still trying it draw water to their own mill They fought subdivision regula tions, they are now fighting sewer for the township. They fought in creased lot sizes in R3 and R

Givil Defense
Mr. Don Pullen was recently appointed to head up this Department. Mr. Pullen has had considerable experience in this very important field. He shall receive the cooperation of the Township Board and we hope that all citizens will become Civil Defense conscious.
