Plan County Rep. Dinner

The distinction of holding its first county-wide Republican dinner to honor President Eisenhower will go to Oakland County on Monday, January 20.

In celebration of the President's fifth inaugural anniversary, the dinner is planned as one of more than 60 throughout the nation as a testimonial to Mr. Eisenhower and to the Republican Party, according to Merritt D. Hill and Mrs. Irma Liverance, both of Birmingham, who are co-chairmen of the event.

The dinner will be held at 7:30 p.m. in the Elks Temple, 114 Orchard Lake Avenue, Pontiac. Attendance of more than 500 Oakland County residents is expected, Hill said.

"We are planning this dinner as a husband - and - wife outing. To get as wide participation as possible, we have established a price of $50 for the man's ticket and $25 for his wife's dinner," Hill said. "This, we believe, will enable us to have a much more enjoyable social evening, with many more wives attending," he added.

Feature speaker will be nationally prominent Republican governor, yet to be selected and entertainment will be provided by the Jack Qualey orchestra, Hill said.

"We have picked a team of 75 captains to contact residents of Oakland County for their assistance in this testimonial to the President. Tickets also are available from the Republican Committee of Oakland County, 351 North Woodward, Birmingham," Hill pointed out.

Oklahoma produced more than 215 million barrels of oil last year, valued at well over $565 million.

Clean and peel fruits and vegetables on paper. Then roll up the paper or empty the peelings into the garbage pail, and save yourself a messy sink.

At Home in Old Homestead

Ruth Shobe GR. 4-7408

Things are finally getting back to normal after the joyous holidays.

The David Kull's of Quakertown Lane, started the season with a traditional "tree trimming party" for close friends and relatives. This custom started years ago when their children were "wee" ones. After the trimming was done the first of the Christmas cookies, tea party style, were eaten. Now the children being older each have friends in for a buffet dinner, which is looked forward to each year.

The Cub Scouts in the Subdivision gathered one brisk evening prior to Christmas to go caroling. They stopped throughout the subdivision and heartily rendered "Silent Night", "Jingle Bells", and "Oh Come All Ye Faithful".

Ricky North, Doug Barth, Brian Quaine, Doug Knight, Tom Gibbons, and John Harris were the boys doing the singing. They later returned to the Norths' for cookies and cocoa.

The boys prior to the holidays were busy as bees working on Christmas projects. The Den Mother's and Father's had worked together to make the workshop evenings an interesting and creative experience for the boys. They made a clever "wishing well planter" for their mothers and a "wooden jig saw puzzle" for a younger member of their families.

The big night for the boys was the Christmas Pack Party held at the Dunkel Junior High. The boys in each Den made an ornament for the tree. As he arrived at the party each boy hung his ornament on the big Christmas tree. The tree covered with treasured ornaments was then taken to the Farmington Children's Hospital for the little tots to enjoy.

The first square dance evening will be this Saturday nite at Morgans' on Paddleford Road starting at 8:00 p.m. The square dance group plans to meet once a month on the second Saturday. Everyone in the sub is welcome. Please let Pat Morgan know if you plan to attend so the refreshment arrangements can be made.

The Del Netto's of Hardenburg Road entertained 27 relatives and friends for Christmas Day dinner. Package opening and gift wrappings added to the festivities. The group came from Grand Rapids, Walled Lake, Redford Township and Detroit.

The Walter Wehr's of Lyman Rd. held open house December 26. Walter and Ruth outdid themselves with the lovely decorations - Ruth had baked 26 different cookie recipes which everyone delighted in sampling. The Russell Gastons, Drake Road; Kenneth Humm's, Layman Road; Don Barths, Old Homestead Road; William Morgan's, Paddleford Road; Bill Simon's, Lyman Road; and the Al Shobe's took advantage of the invitation.

The Robert Leidlien's of Quakertown Lane spent several days in Saginaw with Bobs' mother during the holidays. Old friends made it an enjoyable stay.

Friday evening proved to be an enjoyable one for several couples in the subdivision who participated in a progressive dinner. The first "appetizer" course was at the Del Netto's. We then progressed to the Shobes for the "salad" course. The Charles Wiedmann's provided the main course of "chicken-a-la-king" and the final course was a dessert course served at the Morgans.

Pat and Bill Morgan lead a busy life as host and hostess the past few weeks entertaining the Sportsmen Club Sub. Pot Luck Dinner, Progesssive Dinner, and the Young couples group of The First Methodist Church of Farmington.

The young couples gathering was a "Xmas - do - it - yourself pancake dinner". Those present were Jack and Vivian Yerex of Bougement Sub., Bee and Jack Ely, Sam and Ethel Begian, Woodland Sub; Dick and Peg Harding of Powers Road, Gene and Dot Meadows of Middlebelt Road, Al and Nancey Omearza, Dick and Connie McLean, Bel-Aire Sub.; Dr. John and Angie Tobin, Jim and Eileen Jones, Warner Farms; and Jake and Sally White of 11 Mile Road.

A warm welcome is extended to our new neighbors, Mr. and Mrs. Bouffard. They moved in shortly before Christmas on Quakertown Lane. They have three pre-school-er's.

Birthday candles, 9 to be exact, were blown out by Leslie Raddatz on Sunday. Counting mommy, daddy, grammie, etc. there were 25 present for the birthday dinner.

FAMILY PROFILE

In the friendly yellow brick home with aqua trim you'll find the Lee North's. Isobel and Lee will be celebrating their 14th anniversary in March.

Their busy "lil" ones, Ricky 8, Nancy 5, Barbara Jean, 8 months, and "Georgie", the pooch all contribute to make their home a happy one.

Lee was born in Petosky, Michigan, and Isobel was raised in Toronto, Canada.

After 2 years at the University of Michigan, Lee enlisted in the R.A.F. and was stationed in Toronto. Isobel worked at Proctor and Gambles and did volunteer work at the U.S.O. There was a "tag" dance in which she tagged Lee and that was how they met. He was then sent to England and on returning two years later looked Isobel up. They were married.

Lee had transferred to the U.S.A.A.F., and they set up housekeeping in South Carolina. Lee was later sent to China and on returning they moved to Detroit.

The lived in Royal Oak for 8 years before moving here last fall. Lee in the meantime finished his engineering course at Lawrence Institute of Technology and is employed at Allied Products of Redford.

They are members of The First Presbyterian Church of Farmington. Besides singing in the choir, Lee has accepted the job of coaching a north Farmington Little League team this year.

Around The Circle In Staman Acres

SUZANNE SIVY GR. 4-4784

The Staman Stitchers will hold their monthly meeting at the home of Gertie Bursiek on January 15th. Bev Ellis, Stitchers president, states that the group is planning on printing a new book of telephone numbers and requests that anyone having changes in their address or telephone number call her so it can be corrected in the book.

Staman Acres was really lit up on New Year's Eve. There were many parties going such as the one at the home of Pat and Jack Burke. Pat and Jack entertained Margar and Ed Wheeler, Millie and Ray Unks, Joanne and Bill Smith, Stuart and Mary Bovee, Jimmy and June Burke, Bob and Vada Lipple, and Pat and Kraig Bergstrom with dancing and a buffet luncheon.

On the same night on the opposite side of the subdivision, Gertie and Gerry Bursiek entertained old friends. Mr. and Mrs. Scroggins, Mr. and Mrs. Negri, Mr. and Mrs. McCaughan, Mr. and Mrs. Robert Awrey, Mr. and Mrs. Frank Ini, Mr. and Mrs. Bevak, Mr. and Mrs. Moore, Mr. and Mrs. Cyrus, and Mr. and Mrs. Bultrud were among the happy group who celebrated New Year's Eve with the Bursieks. Gertie served a buffet luncheon and much dancing was enjoyed.

Some of the couples of the subdivision were invited to a party hosted by the Terzanos of Rocky Crest. Mr. and Mrs. Terzano took a group to the Piemantese Club on Puritan for a New Year's Eve celebration. Among those who enjoyed the evening were Jean and Jim Haines, Marge and Jim Hockstad, Margaret and Leo Sivy, Bev and Jim Ellis, Charlotte and Vic Waskowski, and Peter and Virginia Klopp. After an enjoyable evening at the club, the group went back to the home of Jean and Jim Haines for breakfast. The women were able to sit back and enjoy themselves as Pete Klopp, Jim Ellis, and John Terzano took over the chores of cooking.

The Al Thompsons of Rocky Crest returned Thursday evening from a two weeks vacation in Florida. While there they visited with Joyce's sister, Mrs. E. Bratton and family of St. Petersburg, and another sister, Mrs. Helen Daily of Islamorada, on the Keys. To Ruth, the most interesting part of the trip was a tour through the mammouth Unyx Cave and through the Mayflower II which was docked in Miami.

Fred Thompson returned to his studies at Michigan State, Saturday, January 4.

Another family of the subdivision who spent the holidays away from home were the Turners of Staman Court. The Turners went to Phoenix, Arizona to visit Wendy, Suzie, and Mike's grandfather. The Turners returned home the day before New Year's Eve.

The small fry of the sub who were sick during the holidays have all recovered. Joanne and Bill Smith were very much relieved when little Chris recovered from chicken pox until much to their dismay they discovered that both Gretchen and Michele had caught the bug from their big brother.

The Schupolls and the Jenkins are still the high team in the bowling league. The high three game series place for this week is held by Norma Larson with 507. The high game for the man was bowled by Stan Wilkins. Stan rolled a 232 game.

Tom Bursiek and Steve Sivy wish to express their appreciation for all the cards and messages sent to them while they were recovering from their recent accident.

A big thanks goes to Pete Klopp, Vic Waskowski, and Jim Haines for the festive decorations at the entrance which really brightened things up.

The Teen Club also wish to thank the Staman Acres Civic Association for the wonderful Christmas party they hosted for us.

Baked Good Mixes Save Time But Cost You More

It is more economical to make baked goods from the box or "from scratch"? The answer may depend on whether you're counting minutes or money, says Mrs. Mary Hixon, Oakland County Home Demonstration Agent.

Mrs. Hixon refers to a study on baked products conducted recently by the U. S. Department of Agriculture. Volunteer homemakers working in their own kitchens prepared yellow cake, chocolate-chip cookies, baking powder biscuits, and pie crust for the study.

When homemakers did all the preparation at home they saved money. Commercial - mix yellow cakes cost about one fifth more, cookies and biscuits about ½ more, and pie crusts about ¾ more than those made from individual ingredients or homemade mixes. However, use of commercial mixes did save time. Using these mixes homemakers can save ⅓ of the preparation time needed for homemade yellow cake, ½ of that needed for chocolate-chip cookies, and ¼ of that required for baking-powder biscuits or pie crust.

Homemakers found that using homemade mixes cost about as much in time and money as making the baked goods from individual ingredients. However, with homemade mixes they could budget their time better. A mix could be prepared when the homemaker had free time and used to save valuable minutes when she wanted to bake during busy times of the day. Researchers indicate that this study covered a limited area and a limited number of homemakers. It is intended as a pilot study to develop a procedure for a further, broader approach.

Sale of Game Fish Law Broadened

State law providing for the propagation and sale of trout has been broadened to include several other species of game fish, effective January 1, 1958.

The new law, passed by the 1957 legislature, will allow licensed game fish breeders to rear and sell large mouth and small mouth bass, bluegills, three species of sunfish, northern pike and muskellunge and addition to brook, brown and rainbow trout.

Before issuing a game fish breeder's license, however, the Conservation Department will inspect the proposed facilities to insure that private waters are used and the entry of any wild fish into these waters is prevented.

The new license will be valid for the calendar year at an annual fee of $5. Applications can be obtained now from the Department.

One result of the new law is that landowners will be able to purchase game fish for stocking farm ponds. In the past, the sale of game fish was unlawful in Michigan—except the sale of trout by licensed breeders.

An increase in the number of farm ponds in the state is anticipated, due to federal financial aid available to farmers for pond construction under the Conservation Reserve Program of the Soil Bank Act.

Choose Starch To Fit the Need

There's a starch on the market to suit every taste—crisp, heavy, pliable or light, says Bernetta Kahabka, extension specialist in clothing at Michigan State University.

Both vegetable and plastic starches are available to give body to washable fabrics. Some starches also add a glossy finish that makes washable fabrics easier to iron. You may want to try different kinds of starch to find the one to give the effect you want.

Hot water and cooked starches come in powder, cubes and crystals. They usually tend to add more body to fabrics.

Pre - cooked, instant starches used with cold water are convenient. They dissolve fast and stay dissolved.

Plastic starches may or may not be permanent. Some types are sizing agents which dissolve in water and come out in each washing, bringing soil with them.

Permanent plastic starch penetrates the fabric and is set by heat as you iron the garment. Depending on the brand, the finish will last from 5 to 10 or more washings.

You'll find some plastic starches available are made to give garments body but not stiffness. These work well on dark cottons.

To keep the dark, rich color of dark cottons you can add bluing to any pre-cooked or plastic starch. No matter what starch you use for dark colored cottons be sure it's completely dissolved for satisfactory results.

With any starch follow directions on the package and be careful not to overstarch.

A 14,000 - foot offshore oil well requires about six weeks drilling, compared with 30 days for a well of similar depth on land.
