

NEW SIGNS at the four corners of Section 12 in Farmington Township have now been put up to indicate to all motorists that they are entering the Village of Wood Creek Farms. Signs were also put up at each end of Northwestern Highway, which cuts across the northeast corner of the village. Standing along side of one of the signs on Northwestern, after having inspected it, are Village President Alger Clark, left, and Village Road Administrator Donald Wells, right. The erection of the signs was under the direction of Administrator Wells.

Religious Movie Planned Sunday

"The Stones Cry Out" a 45 minute sound motion picture in full color will be shown at Bond School, 13 Mile and Orchard Lake Sunday evening, January 19 at 7:00 p.m.

"The Stones Cry Out" is an exploration into the marvels of fulfilled prophecy... a gospel film in the fourth dimension, Time Magazine is quoted as saying:

The tapestry of the past is rich with historic proof of how God has kept His word to the very letter of each utterance. The crushing weight of archeological evidence is beautifully recorded in full color, on the site of discovery.

Ancient historians testified to the truth of their writings by sealing them with a signet ring. Through fulfilled prophecy, God has set His signature to the truths contained in His book, the Bible.

Dr. William Culbertson, as narrator, combines the wealth of his years of Bible study with firsthand experience gained in Bible countries. As his words are graphically illustrated in natural color, the pages of Bible prophecy burn with new meaning and spring into living reality.

There will be no admission charge and the door of Bond School will be open at 6:30 p.m. The picture is sponsored by the North Farmington Baptist Church and the public is cordially invited to attend, according to the pastor, Rev. Melvin R. Waller.
