Unbound courage and compassion joined proclaim him good and great, and make the hero and the man complete.
—Joseph Addison

Hold First Rehearsal for Jaycee Minstrel Show, "Fine 'n Dandy"

The first rehearsal of the annual "Fine 'n Dandy" minstrel show by the Farmington Junior Chamber of Commerce was held a week ago Sunday, February 2.

Approximately 20 housewives and businessmen attended the meeting to hear the general outline of the new show to be held March 21 in the Farmington Junior High School auditorium on Thomas Street.

William Conroy, director of the show, turned lecturer as he outlined the story line and new songs. The cast, including the interlocutor, the endmen, the male and female leads, and some of the soloists listened attentively.

The school room walls echoed to the rapt recordings of former shows and blues and jazz could be heard in the halls. The only things missing, and they will come, were hand clapping and feet stamping to the songs of the old South.

Conroy discussed each act with the soloists to determine how each will fit into an overall show. The show's producer, James Klopfenstein, and Robert Brown, president of the Jaycees, were on hand to offer assistance.

The first two-hour meeting was only the beginning of weeks of hectic days of rehearsals, changes and more rehearsals until a smooth and well-timed show is ready for

curtain time, director Conroy said. Set designing and construction, lighting, sound, special effects, programs, ticket sales, business management, music, costumes and makeup are all a part of this little bit of show business, it was pointed out. Certain problems are involved in all of them and the Farmington Jaycees take time at lunch, in the evening, and on the weekend to find the solutions. All of this is designed to entertain the people of Farmington and their friends.

The tempo of excitement will increase as the time for the show draws near. Last Sunday all the soloists and the chorus rehearsed where they may be purchased will be announced soon, said Junior Fendt, chairman of ticket sales.

"We expect they will be sold in three stores conveniently located in the Farmington shopping areas."

Film Program to Feature Churchill Biography

A film biography of Winston Churchill will highlight the film program Tuesday evening, February 18th, at the Redford Branch Library, 21511 West McNichols at Grand River. The program will begin at 7:30 p.m.

Other films on the program will be "The Living Past," Part II, made up of newsreel films taken in the late 19th and early 20th centuries; and "Idaho and Its Natural Resources," showing the state's scenic attractions, agricultural resources, and mineral industries. Admission is free. Children will be admitted only when accompanied by their parents.

Every boy goes through the period of being crazy about girls, but it's nothing parents should be too concerned about. He'll outgrow it when he begins crowding 70. —Salt Lake Tribune.

January Report Few Building Permits Issued

If January is any indication, building activities will be down considerably in Farmington this year.

According to figures released by the Township building department, last week only 14 permits were issued for new home starts in January compared with 48 issued in the same month in 1957.

The 14 permits granted carried a total estimated valuation of \$361,206. Four of them were issued for new homes in Kendallwood III and four more for new family dwellings in Briar Hill subdivision. The other six were taken out individually.

The Township also issued six permits for additions to homes at an estimated value of \$14,800 and another permit for an addition to a commercial building at an estimated valuation of \$3,900. A permit was also given for a new gas station having an approximate valuation of \$20,000.

Only two permits were issued by the City building department; both for the erection of garages.

A tunnel is merely a tiled, vehicular bathroom smelling faintly of monoxide.

From where I sit... by Joe Marsh

Windy's "Sleep Machine"

"Call me lazy," says Windy Taylor, "but it's folks like me who are responsible for progress. Come see my latest invention."

Windy's latest consists of an old alarm clock, some door springs, a car battery—all wired up to the hopper of his cattle-feeder.

When the alarm goes off it closes a circuit—opening the chute and sending feed into the manger automatically. The clock's set at 12, so the cattle get fed midnight and noon while Windy sleeps (he takes a mid-day nap). They look fat and contented...and so does he.

From where I sit, I wouldn't call Windy "lazy." Far from it. It's just that he looks at things from every possible angle—and it seems to do him good. Windy keeps an open mind on all subjects. If you prefer buttermilk to, say, a glass of beer, he's not the type to "invent" ways of forcing his choice on you.

County GOP Educational Program Slated

A special county-wide educational program for all Oakland County Republicans has been scheduled for February 18. It will provide Republicans with the opportunity of hearing first-hand reports on Party progress along many lines, it was announced by Republican County Chairman Arthur G. Elliott, Jr.

Open to the public, the session will be held at the County Office Building, 1 Lafayette, Pontiac.

A "faculty" of experienced Republican leaders, including John B. Martin, Michigan National Committee man, will brief the audience on various phases of Republican activities at state and county levels. Speakers will also provide plans for a vigorous 1958 election campaign.

Following the discussion the audience will be invited to participate in a question and answer period. "This will give everyone a chance to find out what they really want to know about Michigan Republicanism," reported Elliott.

In addition to Committee man Martin, speakers will include: State Chairman, Larry B. Lindemer; State Senator, L. Harvey Lodge; State Representative, Farroll E. Roberts; Oakland Register of Deeds, Daniel Murphy, Jr.; State Finance Chairman, Don E. Ahrens; Jack A. Gibbs, Executive Secretary of the Republican Committee of Oakland County; and Chairman Elliott.

Precinct organizations will also be discussed at the meeting which will begin at 7:45 p.m. sharp. Intermission, with refreshments, will be held in order for all members of the audience to mingle and become acquainted with the speakers. High School groups are urged to attend.

Takes Part in Overnight Bivouac in Virginia

Army PFC Robert M. Murdie, 19, son of Mr. and Mrs. Jack C. Murdie, 18351 Westmore, Livonia, recently participated in an overnight bivouac with the 48th Transportation Group at Fort Eustis, Virginia. Murdie is a personnel administration specialist in Headquarters Company of the group's 29th Transportation Truck Battalion.

He entered the Army in January 1957 and completed basic combat training at Fort Carson, Colorado.

Is he curious?
The world awaits another Edison. He could be your son.

During his lifetime Thomas Alva Edison "lighted the world" with the electric light, reproduced voices and sounds with the phonograph, pioneered in developing movies and radio. Over 1100 important inventions were his because—like your boy—he simply wanted to know.

But, we are told, one Thomas Edison in a generation is no longer enough to sustain our kind of progress. The need is for thousands—educated young people, trained to harness their curiosity about the unknown.

Right now American industries are trying to encourage the natural curiosity of the young—with assistance in education and training and good-paying jobs, as well. You can be sure your electric light and power company is a part of this movement.

We owe a lot to Tom Edison. We'd like to help your boy to be like him. We salute both on February 11th, 1958—SCIENCE YOUTH DAY—and also Mr. Edison's 111th Birthday.
