HELP ME HELP YOUR CHILD

Educational Phrases And Slogans Aren't Always Critical

... But What About the Phrase "class size"

Class Size means BETTER individualized instruction for all children (if the size of your child's class is reasonable)

Class Size means more time for a teacher to work with each student in his class (if the size of your child's class isn't too large)

Class Size is a potential problem in Farmington because of increasing student enrollments in vital early elementary grades, and secondary subject areas.

"Class Size" is not an idle educational phrase

It's important to all of us - PARENTS, TEACHERS, BOARD MEMBERS AND ADMINISTRATORS

WE NEED YOUR HELP TO AVERT A POTENTIAL PROBLEM IN THIS AREA.
