OBSERVING the annual 'shearing of the sheep' of great amusement to many to find that such a 'farming' operation was being carried on only a short distance from their school. The sheep were being sheared at the Spicer's Friday...

Youngsters See Sheep Shearing Operation at Spicer's Friday

Four groups of third and fourth graders from the Ten Mile elementary school were guests Friday afternoon at the William John Spicer home at 2915 Farmington Road where they were privileged to view the annual shearing of the sheep.

High spirited and eager children watched closely as the shearers carefully and efficiently snipped through the thick wool and watched the fleece peel off in one piece on an improvised platform. They were amazed to see the delicate pink skinned animals calm and relaxed as they returned to the fold relieved of their heavy covering.

Quickly the wool was picked up, rolled and tied securely with a plastic twine and placed on a truck where it was to be weighed and sold to the United States Government.

Educators, teachers and pupils of today feel it is necessary to go through the classroom and text books to provide pupils with adequate information that in return will enrich and broaden their knowledge in a meaningful way.

Refreshments were graciously furnished for the youngsters by Mrs. Spicer after they had observed the sheep shearing operations.

Mrs. Don Williams of Hayden Street, Farmington, entertained friends on her bowling team at an informal luncheon at her home on Tuesday, April 29th.
