MRS. RUTH TROMBLEY GR. 4-2050

Mary Louise, twelve-year-old daughter of the Harry Abbeys of Marshall, is the latest of many more ribbons to her collection. She swam in the Catholic League for grade children at the St. Vincent Parish pool in Detroit on May 24. She came in third in both the 50 yard breast stroke and 25 yard individual medley using three different strokes. This was accomplished in spite of an allergy which allowed her to work out only three times in six weeks. Mary Louise is looking forward to a summer of swimming at their cottage at Burroughs Farms.

We wish to express our sympathy to Noreen Martin of Marquette on the death of her father in Michigan.

Rev. Jarrett, president of the Bel-Air Hills Ladies Bowling League, wishes to have all the teams names submitted to Betty Speldier, GR. 4-2022 by June 14. If you have a preference of someone you wish to bowl with, now is the time to turn those names in.

One and Barney Chabouneau of Loomis Road spent the week end in Cleveland, Ohio, visiting Barney's sister, Mrs. Russell Colt.

We are sorry to lose the Bob Choleys of Folsom. Court to another section of Farmington but wish to welcome in their place Charles and Ruth Shandor. Mr. Shandor is a biology teacher at the Farmington Junior High School.

Library Club Visits Historical Museum in Det.

Have you ever wished you could walk back into the past, and see how Detroit looked a hundred years ago? The Library Club of Clarenceville High did just that; they visited the Detroit Historical Museum.

They walked on the cobblestone and cedarblock pavements of a Detroit street in 1870. While strolling along the sidewalk they could window shop in the stores or stop in at the fire station and examine the old horse-drawn fire engine. Around the corner they entered the street of the 1840's with cobblestone pavement, and stores and homes of the French Provincial style. They sat in a school room of 100 years ago. The school had oil lamps, double desks, and wide floor boards, as well as other old-fashioned features of early schools.

The librarians went across the street to the Detroit Library where they saw the first Bible printed in the United States. It was the Aiken Bible named after the man who printed it in 1782. The Bible was 3 1/2 by 6 inches.

That isn't all, however, they visited the art museum which was even more interesting. They saw modern paintings, tapestries, examples of different periods of ancient art of many countries and different periods of furniture.

Because it was Michigan week there were many Michigan displays by Detroit schools.

The students attending on the trip were: Frank Baker, Shar Pender, Darlene Hamilton, Marie Wilson, Bertha Armstrong, Rita Wade, Kathleen M. Arch, Jesse Ping, Mary Potts, Nellie Wilson, Sandy Pawlow, Mr. Jerry Burns, Russell Lawrence, and Pat Nelson. Mrs. Hames was their advisor.

Christ didn't waste His time trying to change the social order. Christ spent all His time fighting sin. Therefore it behooves the witnesses of Christ to say that we do not have to abolish capitalism; and establish socialism or communism, but to sin flourish under those systems as well. Christianity is not opposed to any social order, but to sin.
