County Problems  
Being Solved  
A recent talk given by Delos  
Huntley, Chairman of the  
Oakland County Board of Su-  
pervisors at a meeting of the Oak-  
land County League, explained how  
important current problems are be-  
ing faced by the county.

**Help Wanted...**  
The following is a resume of the  
contents of his speech as prepared  
by officials of the Citizens League.  
Oakland County is a part of the  
Supervisors Inter-County Com-  
mittee, organized to encourage  
cooperation and coordination in ap-  
proaching county problems which  
cannot be solved by solitary action.  
Also included in the six-county area  
are Wayne, Macomb, St. Clair,  
Washington and Monroe. Legisla-  
tion has been found inadequate for  
a county to plan, finance and con-  
struct needed facilities such as  
water supply, sewage disposal,  
storm drainage and modern roads.  
In order to meet these needs, the  
Oakland County Board of Supervisors  
has permitted the establishment of a  
Southeastern Michigan Water Au-  
thority to provide a water supply  
from Lake Huron.

**Help Wanted...**  
In 1955, the State Legislature ap-  
proved an Act which allows the  
Board of Supervisors of two or  
more counties to contract for the  
purpose of planning adequate  
rights-of-way for a system of inter-  
county highways. The Inter-High-  
way Commission of Southeastern  
Michigan is made up of 38  
members representing the six  
counties, members of the County  
Boards of Supervisors. The Board  
of Supervisors, the State Highway  
Commissioner and the Director of  
the Regional Planning Commis-  
sion. The Commission is pre-  
paring an inter-county highway  
network plan.

**Help Wanted...**  
The County was successful in ob-  
taining passage of an Act in  
1957 which allows the State Legis-  
lature permitting a county to estab-  
lish a Department of Public Works,  
similar to departments of public  
works which are set up in cities.  
This law also grants the county  
authority to issue bonds to finance  
sewage and water systems and to  
pledge the future tax and credit of  
the county if necessary to properly  
finance such projects. The county  
in turn, makes a contract with var-  
ious municipalities involved to col-  
lect the cost of such projects in  
full; so that the county-at-large  
would not pay for improvements in  
a particular section of the county.  
The 1957 Legislature also adopted  
legislation which permits the  
Board of Supervisors of any two or  
more counties to make changes in  
the size of an inter-county committee.  
This law permits acceptance of  
gifts and grants to further the ob-  
jectives for which the Commission  
is established. This is also provided  
in application to the Ford Foundation  
for financial assistance in estab-  
lishing and operating a proposed  
inter-county water supply program  
of the Southeastern Michigan  
metropolitan community.

**Help Wanted...**  
The proposed program encom-  
passes the water supply, economic,  
social and governmental complex-  
es of the area with particular at-  
tention to those aspects of the com-  
munity which have ever gone into so  
many offices? Does a smile help busi-  
ness? Try it. Joy makes the face  
shine, and he that hath a merry  
heart hath a continual feast.

**Help Wanted...**  
If a little knowledge is danger-  
ous, where is the man who has so  
much as to be out of danger?  
-Thomas H. Hudley
