Still Few Openings For Women Bowlers

Announcement was made this week that there are still a few openings on the American Legion Ladies Auxiliary Bowling League for the current winter season.

Persons interested in participating on a team in the league are invited to attend a general meeting called for next Wednesday, September 3, at 1:30 p.m. at Farmington Lanes bowling alley. Those who will be unable to attend but would like to sign up or obtain more information are asked to contact either Alice DeFotis, GR 4-1111, or Helen Rickett, GR 4-2699.

John Ronk Leaves For Army Training

John W. Ronk, son of Mr. and Mrs. Norbert Ronk of 3412 Harlow St., left for the Army last week. He is now taking basic training at Fort Knox, Kentucky.

Ronk graduated from Farmington High in June of this year.

Ready for Grid Season Opening At Clarenceville

Plans are now in full swing for the forthcoming football season at Clarenceville High. Some new equipment as well as enough new plastic helmets with face guards for all members of the team is expected any day now, it was disclosed.

Equipment will be issued and locker assignments made for both the varsity and junior varsity squads on Wednesday and Thursday of next week at 1 p.m. The first practice session of the season is slated for Friday, September 5, at 3:30 p.m. A scrimmage has also been scheduled for Saturday morning, September 13.

The C.H.S. Trojans will meet West Bloomfield in their first game of the season on Friday, September 26. The game will be played at Clarenceville under the lights starting at 8 p.m. Two members of the Detroit Tigers are from suburban Detroit towns. Fitcher Al Crotte is from Melvindale and catcher Charlie Lau is from Romulus.

Rockets Being Launched Here

Four nights a week at the City Park you can view the successful launchings of the "Rockets". In this case we are talking about the Farmington Rockets, the Little League football teams which will represent Farmington in the Jack Lowther Little League.

Boys have been turning out every evening at 5 p.m. and are diligently determined to make the area of Farmington proud of them. Under strict supervision of qualified local volunteers and with the emphasis on safety, these boys are being taught sound football and good sportsmanship.

Few Changes In Duck Hunt Regulations

Waterfowl hunting regulations for 1958 in Michigan will be the same as last year except for a change in bag limits on redhead and canvasback ducks.

Regulations approved by the state conservation commission August 19 include a 70-day season on ducks and geese, October 1 - December 9. Shooting hours also are unchanged opening a half-hour before sunrise and closing at sunset.

Wood ducks again will be protected throughout the state. Each state selects individual seasons and laws within the basic federal framework of regulations. States in the Mississippi flyway were authorized again this year to select up to 70 days of waterfowl hunting. Michigan accepted the maximum seasons allowed and the earliest opening date.

The change in redhead and canvasback limits was included in federal regulations. Effective this season, the daily bag limit of four ducks may not include more than two of either species, or more than one of each. This means the duck hunter may take one redhead and one canvasback per day, or two of either species.

The possession limit on redheads and canvasbacks also is modified and the eight duck limit may not include more than four of either species or four in the aggregate of both redheads and canvasbacks.

At other bag limits and possession limits on migratory game birds are unchanged from last year. Woodcock may be hunted October 1-November 9 in the upper peninsula and the northern lower peninsula, and October 20-November 9 in the southern lower peninsula; Wilson's snipe (throughout the state); geese, ducks and rails, October 1-December 9 statewide.

Attends Natl. Science, Social Studies Meeting

Carl D. Wheaton of 33495 Alta Loma, Farmington and Charles B. Creedlove, the science-social studies teacher-team representative of City High School, Detroit, were among 60 high school teachers who concluded participation in a national workshop on the "Impact of Contemporary Developments Upon Our Economy," last week.

In the concluding session of the three-week conference held at Sarah Lawrence College, Bronxville, N. Y., the local representatives shared the teaching plans they developed here.

The projects were developed as a result of a series of lectures and discussions in science, encompassing the latest technological and scientific developments in energy, food, health, space, and automation, and on the economic implications of these developments, combined with a series of curriculum sessions. The group took full advantage of the opportunity to meet formally and informally with nationally-known scientists and economists who are experts in these areas.

The teaching reports of the local teachers will contribute to a publication designed to illustrate the ways in which current developments in science and technology can be woven into both science and social studies classes. During the next year, the teams will be invited to participate in regional meetings throughout the country to share further findings as a result of actual classroom experiences.

In addition, each teacher will bring home a personal reference library of more than 100 up-to-date publications and a bibliography containing over 200 sources of materials.

Plant Which Planned To Locate Here Sold

Federal Industries, Inc., 19650 Eight Mile Road, Southfield, which had announced plans last year for the construction of a larger plant on Nine Mile Road here, has been sold to Thompson Products, Inc. of Cleveland.

Charles W. Ohly, vice president and manager of the Thompson Products Michigan Group, stated that the business will operate as the Federal Works of the Michigan Group.

Federal manufactures transmission and power steering pumps for the transportation industry.

No indication was given of any construction of a new plant in this area at the present time.

Bel-Air Hills News Tidbits

Mrs. Ruth Trombley GR 4-2050

Sorry there was no column last week but we spent a week up North camping. Part of the time was spent at a State Park near Hillman and when we got completely frozen we moved on to Onaway State Park on Black Lake. We had already for our heater. It was too cold for swimming, and too good fishing but we had fun!

Jack Moss spent two weeks in Chicago at a training camp for Metropolitan Life Insurance Co.

Mae and Barbara McPike with Jeffrey and Susan spent ten days visiting Mr. and Mrs. McPike at Bedford, Indiana. It was Mae's parents' fiftieth wedding anniversary. They had terrifically hot weather.

Mr. and Mrs. John Jordan of Kew, Conn., and John spent a week at a cottage on Black Lake. Nonnie's mother, Mrs. Miller of Brooklyn, N.Y., accompanied them.

Visit New York, At Closing U.N. Session

Mr. and Mrs. Arthur Ralston of 22856 Mayfield returned Saturday from a visit to New York City.

It was their privilege to be in attendance at the closing session of the United Nations Assembly on Thursday which adopted the Arab's compromise on the pending calling on General Hammarskjold to facilitate the early withdrawal of United States forces from Lebanon.

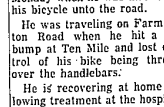

Injured When Thrown From Bicycle Monday

Ten year old Richard Lang of 33964 Britany Drive suffered a mild concussion, a bad cut on his hip and numerous bruises Monday when he was thrown off his bicycle onto the road.

He was traveling on Farmington Road when he hit a big bump at Ten Mile and lost control of his bike being thrown over the handlebars.

He is recovering at home following treatment at the hospital.

Springbrook News

Barbara Lord GR. 4-3474

On Wednesday evening, August 20th, there was excitement at the John Chambers home on Westmoreland Drive. In the midst of a hen party given by Linda Chambers honoring her husband, the newly married couple arrived from Germany, the phone call came announcing the arrival of Little Miss Edgar, of the "Impressos" of the former Miss Jo Anne Chambers. This is John and Gen's first grandchild.

Dorothy and Jack Ralston and Springs Jimmy and Tommy of 1500 miles on their vacation. First they visited Dorothy's maid of honor, Mrs. J. B. Edwards, and family in Cincinnati, Ohio. From there they went to South Bend, Ind., to spend a few days with their best man, Harold Housewerth, and his wife then on to their cottage on Lake Michigan, just south of Holland.

They spent two weeks swimming, golfing, water skiing and climbing sand dunes. The Ralstons ended their vacation on Wednesday at the Grand Green Island in Lake St. Clair.

Frank Ryan of Springbrook Drive spent last week visiting his mother in Cleveland and Kirtland, Ohio.

Cheyenne, Wyoming, looking for only costs 25 cents over there. cowboys. They crossed the "mis-erable" desert and stopped at Salt Lake City, Utah, where they saw the Mormon Tabernacle, a salt dome and seem to be the largest organ. While there they heard an organ recital. They took the central route back. In the way of souvenirs, Dorothy brought back a plate from every state they visited.

The Masons - Gerry, Martha, Bobby, Mark and Leslye - of Brookview spent five days camping at Bonanza Provincial Park in Canada. This was truly a relaxing vacation for Martha as Gerry willingly cooked all the meals. Martha outdid them all by catching a 7 lb catfish. Bobby caught 2 sunfish and Gerry caught poison ivy. The Masons enjoyed every swimming and fishing. Baby daughter, Mary Jo, spent the week at her grandma's home in Detroit.

Participation in the Woman's National Bowling Tournament arrived in Hong Kong July 17th. The 20th they flew to the island of Formosa and are now living in Peitau. Their home is in the mountains but they will soon move to other side of the valley. The Sullivan's find many things cheaper over there including (as a special interest for the boys) fire crackers. Ten dollars worth here and Fisherman's Forest.

George and Dorothy Clements of Westmoreland Drive just returned from a three week vacation touring several western states. They went out the southern route and saw the Grand Canyon, the Petrified Forest and the Painted Desert. Most of their time was spent in California where they stayed a week with Dorothy's brother and his wife, Mr. and Mrs. Nickles of Venice. They visited Disneyland, Capistrano, the new Pacific Ocean Park, and Las Vegas, where they lost all their money. Also, they visited Laramie and

HE MAY BE AN INDUSTRIAL PROSPECT

The visitor to your town or to the lakes and streams of your area is an important person.

But he may be more important than you think; more important, that is, to the future of your town. He may be the executive of a manufacturing company which could consider your town as the location for its expansion, now or in the future.

Talk to him about your town as a good place for industry to locate and prosper. At the slightest indication that he might someday be an industrial prospect, or that he could lead your town to one, call in a representative of your industrial development committee for detailed discussion with him. A town on its toes always looks good.

Almost always you'll find that a company's interest in your town began when somebody visited the town and liked it. Join hands with your local industrial development organization and the Michigan Economic Development Department to help your community prosper.
