Shiawassee School to Give Winter Musicals

Boys and girls in grades four, five, and six at the Shiawassee elementary school will present their Winter Musicals on Wednesday, December 3, at 7:30 p.m.

They will be under the direction of their teachers: Mrs. Stevenson, Mrs. Knowlton, Mrs. Mrs. Wilkins, Mr. Cyr, Mrs. Holmes, Mr. Delewsy and assisted by Miss Wava Walfrid, music consultant.

Among the selections to be sung will be such winter songs as "The Merry Skaters," "Mr. Snowman," and "Moon of Wintertime."

Also on the program will be the two old Christmas carols, "Silent Night" and "Hark the Herald Angels Sing." "Silent Night" will include a special desert song by the sixth grade boys and girls.

Students taking part in the concert were especially chosen by the teacher committee planning the program to show the growth pupils make in their singing skills.

The landscaping plan for the first section of the new Clarville High School was completed recently. In addition to evergreens along the front, a variety of other trees and shrubs were planted for shade and beauty.

Four Almey flowering crab trees appear along the drive in front of the building. The one last corner of the north driveway is a contribution of Mrs. Glenn Kennedy, a former resident of the district and an active worker in school affairs.

Three crimson maples grace the court which will be enclosed by the new addition. Five Linden trees will give shade to the classrooms on the east side while a London plane tree, a sunburst locust, and a mountain ash will add variety to the lawn east of the parking lot. A common spruce and a Koster blue spruce are to be specimen trees in the front lawn. Three pink rhododendrons beneath the aluminum letters spelling out the school's name will give a burst of color when in bloom.

Other organizations and individuals wishing to make contributions of the nature, either now or after the addition is completed, should contact the Board of Education office so that planning can be carried out in a planned layout.
