

43 Graduated from Scooter School; D. Patterson Wins 1st. Prize Scooter

Last night, Wednesday, was a making party for 43 students taking part in the Farmington Township Police Dept.'s Motor Scooter School.

The school, first of its kind in the Detroit-Oakland Co. area, started this fall with 62 enrolled. Final school session was held at the Grand River Drive-In Theatre.

Although it was extremely cold, approximately 20 students took part and displayed the fact that they had learned a great deal in the school; police officials said. Activities included obstacle riding, straight hand curved line riding and riding a simulated traffic course.

Points were awarded for both speed and proper riding. These added to those points already received on classroom tests determined the winners of trophies and prizes.

IT WAS MIGHTY cold for scooter riding last Saturday but those who showed up to compete in the final field event of scooter school were enthusiastic. Visions of receiving a brand new scooter could be seen in the eyes of every youthful driver as they ran through the various driver testing events.

Compares Education's Search For Funds With Children's Game

ANN ARBOR "At the present time, the schools find themselves in the position of the youngster who was 'it' in the game we used to play as children - Pussycats a corner," says Howard E. Jones, professor of educational administration at The University of Michigan.

Early Sale of Auto Plates Up Over 57

According to James M. Hare, Secretary of State, 50 per cent more people bought car license plates during the first three weeks of November '58 than purchased them during the same period in 1957.

Disabled Vets Get Special Parking Rights

More than 2,500 special parking stickers have been issued to honorably discharged veterans with service connected disabilities.

"Education today, in the form of 'Pussy' approaches the first chair, the chair of local taxation. 'Pussy' wants a corner, some more local revenue, if you please."

"The island of Java is the most thunderous spot in the world. The Indonesian island averages at least 223 storm days a year."

November Bad Accident Month

Michigan suffered a serious setback in its improved traffic record in November with the highest monthly toll so far this year - 151 persons killed in 127 accidents - according to preliminary figures released by the State Police.

"Pussy goes to the next chair, the chair of state revenue. 'Pussy' wants a corner, some more state revenue. The answer, 'State revenue is falling off. Taxes no longer keep pace with expanding needs. Next door neighbor."

"There is no point in kidding the public by piece-meal effort. The USSR, according to various estimates, is putting between six and nine per cent of its national income into education. We are investing three per cent of our national income in the education of our children and young people."

"The most conservative Congressman says, 'The country is willing to pour into scientific research only a few weeks' worth of money."

Three Initiated By Local Elks

As part of a fraternal program to promote brotherhood between Lodges, last Wednesday night officers of Plymouth Elks Lodge No. 1780 joined the Farmington Elks to initiate new members into the order.

Bake in "Jackets"

Sweet potatoes are among the good buys at fresh vegetable counters now, according to the Detroit Consumer Marketing Information Agent. To get the best from sweet potatoes - and with them in their jackets, the thin skin is easily removed and takes with it less of the goodness beneath.

LOCATION NEEDED
FIRESTONE
TIRE & RUBBER COMPANY
is now opening up new Firestone Complete Line Dealer Stores
Locations needed with minimum of 2500 to 3500 sq. ft. Should have drive-in facilities in rear or side for changing tires. If you have a store room available in good trading area.
Contact Mr. R. C. BROWN,
1405 Henry St., Detroit 32, Mich.
