Wood Creek Farms Village To Give Party

Twenty-six attended the Men's Association Christmas steak dinner at Rosemond Hills and two more dropped in afterwards for the business meeting and program. Yearly reports were read. Two new members elected to three year terms on the board of directors were Conrad Lane and Ed Corbin. Dick Taylor was elected for one year to fill out the unfinished term of Don Wells. Christmas party will be held on December 11, at 8:30 p.m. at the Farmington Savings and Loan Building.

Mrs. Bissell, past president of the Hill and Dale Garden Club is also active in the Farmington Garden Club and is well experienced in gardening projects. Hostesses for the evening are Mrs. George Coulton, Mrs. Ralph Slade and Mrs. Oris O'Hall.

FRIDAY NIGHT was also Family Night at the Franklin Community Church. It was a very well attended pot luck supper and meeting was well represented. Several last minute tables had to be set up to handle all who came. After a delicious meal, there were singing by the Senior Choir, and the program brought to a close with a blessing by Bob Seares. Additional program had been planned but it was getting too late for the little ones. The Fishers went on to the dance at the Country Club, and we went to the Wayne State University Musclete, Valter Poole conducted, at the Detroit Country Day School.

Norm and Angie Seay went to Ann Arbor a week ago Saturday to attend an open square dance, at which time Norm was asked to join the Square Dance Leaders Association. This association meets in Ann Arbor the second Sunday of each month, at which time they talk over calling techniques and many other matters pertinent to square dance callers. It really is quite an art - there certainly is a great deal more to it than is suspected. Following the discussion there were about an hour of square dancing.

Norm is sponsoring a new square dance group at the Mayfair Nursery - the old one room school, house on Middlebelt just north of 41 Mile Rd. The 12 to 15 couples who have completed their training program at the Lady of Sorrows will dub themselves the Norm and Angie Square Dance. Norm will be happy to see the size of this group increase and extends an invitation to all who are interested in the first meeting of this group will be this Friday night, December 12th. It is western style square dancing. Dancing begins at 8:00 p.m. and 10:30 p.m. followed by coffee.

FRIDAY NIGHT the Nelsons had the annual Christmas party for a bridge group which has played together for more than a dozen years. All twelve couples originally lived in Grosse Pointe, only one besides Roy and Ethel have come to the west side. A delicious supper preceded the card playing.

Tuesday, Ethel served luncheon to about sixteen Wood Creek women, then took them to the Christmas musicale and tea at Kirk-in-the-Hills.

Last Thursday Jo Thurston had a cookie party. Ten women attended. The group has been asked to meet in the Spring for another variety show.

The neighborhood of Kendallville Subdivision will hear the Kendallville caroling Sunday evening, December 21, between 7:00 and 8:30.

Kitchen Layout
 Don't install gas or electric ranges under kitchen windows, says Michigan State extension home economists. Be sure the window can be opened without reaching over the range. Refrigerators should not be located close to the range or radiator or receive direct rays of the sun. Refrigerator should stand level. Some counter space at the opening side of the refrigerator is also very handy.

Home Economies experts and detergent manufacturers recommend hot water for laundering and automatic dishwashing be at least 140 degrees, preferably 160 degrees.

Warn Against Voodoo Dolls

Novelty voodoo dolls that can cause serious illness and death have been found in Michigan, the Michigan Department of Health reported recently.

The dolls are made of twine for sale as souvenirs and "swizzle sticks" for mixing drinks. Persons who have the dolls in their possession should burn them immediately. The state health department urged.

The eyes of the doll are made of seeds from the lethal jiquery plant and contain enough toxic chemicals to cause fatal poisoning if eaten by an infant. The doll's head is made of a cashew nut shell. The shell contains an oil chemically similar to the oil on points of plants. Touching the cashew shell can produce skin blisters in 35 to 50 minutes.

After a recent allergic skin outbreak in 50 high school students at Atlanta, Ga., was traced to the novelty dolls, the U.S. Public Health Service asked the Michigan government to halt shipments of the dolls to this country.

The doll wears a hat about 2 1/2 inches wide made of braided straw dyed with bright and attractive colors. The head is about an inch long and is shaped like a kidney. Dried grass attached at the ears and chin simulate a beard and a mustache. The head with its decorations are placed on a thin stick about nine inches long.

The state health department said the dolls will be made of coffee beans but without the toxicity seeds as eyes are not a health problem. The heads are much smaller than cashew nuts and the non-poisonous dolls can be recognized by their smaller head size.

Local Teen Club Needs Chaperones
 Playing for the Farmington Teen Toppers Teen Club dance this Friday night, Dec. 12, will be the Swing Kings, Farmington's own dance band.

Dancing will be from 8 p.m. to 12 midnight at the American Legion Hall on Grand River at Lakeway.

The teen club is badly in need of chaperones for these dances held each Friday night throughout the school year. Any adult interested in serving as a chaperone is asked to contact Mrs. S. B. Glenn, MA. 6-3861.
