

TOWNSHIP FORM OF GOVERNMENT

The past two years have seen many plans presented to the voters of our Township to change, by piecemeal parcelling, their form of government. Thanks to the fact that most of you are "on the ball," these plans were soundly defeated. However, it appears that we are not going to be allowed to relax our guard for a minute less we lose the control we hold.

We **MUST** look very carefully and closely at the **PAST PERFORMANCES** of the candidates whom **WE** will **ELECT** April 6th. The people **WE ELECT** will be carrying the burden of continuing our Township form of government.

WE have already voted to keep what we have left of our Township as a township. **NOW DON'T** elect the wrong slate.

Our present Supervisor, Frank J. Stephenson, whom **WE** elected two years ago, has pulled the "Town Hall" out of the rut of indifference in which his **REPUBLICAN** predecessors permitted us to wallow. This has been a hard up-hill fight all the way, due to a split board that permitted political party ties to sway judgments.

The candidates on the Republican slate have a history of striving for changing our form of government from township to city or village type. Each and every one of the candidates running as **Republicans** say they want to preserve the community yet have talked and worked against township. Do **WE** all have the same definition for the word community?

Can an individual who pushed through the incorporation of Quakertown Village — thereby lessening the total Township operating monies, have the "BEST INTEREST" of all residents of the Township at heart?

Can people who last Fall were in the forefront of the movement to create Farmington Woods serve the entire **TOWNSHIP** after their public fight to separate themselves from all but a selected few? The two **Republican** candidates for Trustee worked hard and long for the City of Farmington Woods. "The Team" candidates, Ed Schmid and Norm Peterson, worked harder during the same period to help keep our Township intact. You rewarded their efforts then by voting as they asked. Won't you again support them with your vote April 6th?

Shouldn't elected officials of the Township publicly fight for all citizens in all parts of the Township?? The **Republican** candidate for Treasurer spoke in public meetings last Fall supporting the City of Farmington Woods. Is that **furthering Township type of Government???**

The **Republican** candidates for Justice of Peace has stated in print that he favors incorporation as a city. Is that **Township preservation???**

VOTE APRIL 6TH - ELECT THE DEMOCRATIC TEAM - AND OUR TOWNSHIP FORM OF GOVERNMENT
