THE MAN HAD FINISHED his Long Distance call, so he asked the operator for the charges. "Where did you call, sir?" she inquired. "Peoria," came his reply. The operator didn't have the Peoria records handy so she turned to another operator and asked, "Would you pass the P's, please?"

"Oh, I am sorry," said the caller, now embarrassed. "I didn't mean to interrupt your lunch."

HAVE YOU NOTICED that the vacation trips that seem the most carefree are actually the ones that have been most carefully planned? Take the coming Memorial Day week end. The people who will get the warmest welcomes at motels and restaurants, the people who will never have to stand in line, are those who have arranged things well ahead of time—by telephone. It's the inexpensive way of doing things well.

MOST OF US know the bride who sets up house with fifteen coffee pots—and half a dozen bathroom scales—all wedding gifts. But there are some things brides never have enough of. Extension phones in color are one of them. Give one of these and you'll be a friend of the family for life. For every time they use the handsome extension phone you gave them, they'll think of you gratefully for saving them time and steps. Call the Business Office, Michigan Bell Telephone Company, about this novel, useful gift that speaks for itself.

MAY 17-23 IS MICHIGAN WEEK—Our state is unsurpassed in opportunities and advantages for tourists, manufacturers and agricultural industry.
