ERECTING a sign in front of the new North Farmington Baptist Church announcing details of the first service to be held in the church on Sunday is William Devlin, church moderator.

To Have First Service In New Church Sunday

North Farmington Baptist Church will have its first service in its new Church at 32500 Thirteen Mile Road, between Orchard Lake and Farmington roads, this Sunday, August 2.

For the last 3½ years, members of the church have been meeting in one of the Farmington public schools.

Guest speaker for the first service will be Dr. R. Cummings, executive secretary of the Detroit Association of American Baptist Churches.

THE NORTH Farmington Baptist Church is a mission effort of the Conenant Baptist Church and a member of the Detroit Association of American Baptist Churches.

A full week of programming is planned for the new church. Included will be a graded church school. Cradle and nursery service will be provided during both the church school and morning worship service.

THE NEW building, put up at a cost of $65,000, is located on a 6½ acre lot. It is the first of three units planned. Ample off-street parking is provided in a large lot just east of the new church building.

Ground was broken for the new church building last September 21 with Rev. Edward Goodman, director of church extension of Detroit Association of American Baptist Churches, as principal speaker. Cornerstone laying ceremonies followed two months later- November 23.

To Speak on Atomic Testing This Sunday

Possible effects of continued atomic testing will be explored by a noted research scientist Sunday, August 2, at 10:30 a.m. at the Farmington Universalist Church, Warner north of Grand River.

Dr. Morris Goodman, research associate at Wayne State University, will title his talk, "Science and Humanism Under the Shadow of the H-Bomb."

Dr. Goodman, who has done considerable cancer research, said he would tell "why I am am concerned, both as a scientist and member of the community, with the biological hazards of nuclear weapons testing and the threat of nuclear war."

The speaker joined the Wayne State staff last year to study mental and neurelogical diseases.

Mrs. Clara Vincent, 20110 Merriman, Livonia, will introduce Dr. Goodman.

Dr. Goodman is head of the Oakland County Committee for Sane Use of The Atom.

Dr. B. Holme To Speak at Franklin Sun.

The Rev. Dr. Benjamin F. Holme, will make his annual summer appearance in the pulpit of Franklin Community Church on Sunday, August 2nd, at 10:00 a.m.

Dr. Holme first preached at the Church some five years ago and has been so enthusiastically received that the supply committee asks him to return each year when possible.

He has preached since 1921. He has served parishes in Illinois and in Michigan.

For six years he was an associate minister at historical Central Methodist Church in downtown Detroit. For five years he was the pastor of St. Paul's Methodist Church in Monroe.

From 1939 until 1952 he was the pastor at Westlawn Methodist Church in Detroit and in 1952 he became the Superintendent of the Detroit District of the Methodist Church.

On the expiration of his term in that office he became, in 1958, the Superintendent of the Methodist Union of Greator Detroit which is the agency of serving City Church work of the Methodist Church in this area.

The Rev. Mrs. Constance D. Pipok, Assistant Minister for the Church, will conduct the service.

In 1863 Abraham Lincoln contracted a mild form of small pox. To office seekers suddenly fleeing the White House on hearing what ailed him, the President remarked: "Tell all the office-seekers there is one good thing about this. I have something now that I can give everybody."

Christian Science

Brotherhood will be a theme dealt with at Christian Science services Sunday in the Lesson-Sermon entitled "Love."

Paul's stand on brotherhood is emphasized in readings from the Bible including this passage from I Corinthians (1:10): "Now I beseech you, brethren, by the name of our Lord Jesus Christ, that ye all speak the same thing, and that there be no divisions among you; but that ye be perfectly joined together in the same mind and in the same judgment."

Correlative citations from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include (467:9-13): "It should be thoroughly understood that all men have one Mind, one God and Father, one Life, Truth, and Love. Mankind will become perfect in proportion as this fact becomes apparent, war will cease and the true brotherhood of man will be established."
