**A Real "Novel" Idea**

Had a call from Whitley Fisher, head of the Town Library's Emergency Committee. He's asked me to explain the situation.

"This is the emergency!" The Library's moving into its new building next week—over on Bridge Street. Moving all those books will cost more than \$200. At that rate we won't be able to afford any new books for a couple of years.

Whitley's got the solution—have everyone in town borrow at least five books, keep them

a week, and return them to the new address.

From where I sit, cooperation among neighbors is the lifeblood of a town. People should work together... whether it's to help a library or fight intolerance. For instance, if you'll respect my right to an occasional glass of beer—and I respect the beverage of your choice... that kind of cooperation will do lots to help wipe intolerance "off the books."
