SAFE ELECTRICAL wiring conduits like this are now mendatory in all township commercial and industrial building, as the result of, the new electrical order executly put into effect. In recent years electrical wires were simply run in walls and overhead, using ceramic fixtures and a nail, a method used a generation age. Now all wires will run inside a shetal pipe or raceway, providing safety for many years. The ordinance also provides for this years are proposal. No. 1—General property. This installation is actually the first such made in the township, and is in the new medical center being built by A. R. Barrage on 12 Mile just, east of Farmingon. No. 3—Contract for the city's ordinance does not now require this installation, but the problem is being studied.
