News from Briar Hills

With Halloween a little more than a week away, many homeowners shudder and prepare to "batten down the hatches" for the onslaught of the hobgoblins and evil spirits. However, in Briar Hill there's a group of genuine Brownies who are keeping their motto, "Help our people at all times." These girls are members of Brown Troop 1069 at Bond School. Some of them call it their home to ask for odd jobs, don't shut the door in their face. Each girl is to earn money for the United Foundation in this manner and they are mighty disappointed when the answer they receive is "no." The Brownies have proven capable at many odd jobs including folding diapers, cleaning silver, reading to small tots, wedding, dusting, etc.

THE LAST FEW chilly weeks have sent a number of Briar Hill folks heading for the sunny climes of Florida. Betty and Ted Harriman of Old Bedford Rd. recently returned from a five-day stay in Miami Beach. Ted was attending a convention of school business managers and Betty, never having seen Florida before, took this opportunity to accompany her husband. They enjoyed the luxury of the Fontainebleau Hotel and basked in 88° temperatures. So reluctant were they to leave, they barely made the plane for home—carrying with them their few swim suits. Ted's folks, who made their home in Indiana, came to take care of the Harrimans children while the parents were vacationing. Rita and Jim Sharkey of Ravenscroft are finding that the sun shines warmly in Fort

pense of the old. Take the idea of tolerance, for instance. It's been around for centuries... but it's something we never bypass. Tolerance demands full respect for the other fellow's preference—and that includes beverages. "Tolerance" means that you have to like a glass of beer for Saturday night supper—just as I don't have to choose buttermilk. Just respect the next man's choice.

Why not call your neighbor?

Featherbedding on the railroads — pay for work not done or not needed — is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman—even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

He's the guy down the street with the five youngsters, the man with whom you discuss civic improvement at the city commission meetings; he's the guy next door with that beautiful rose garden.

He's also an expert in home heating. When you deal with your neighbor in business you know he's going to do his best to help you.

So for your fuel oil needs—call your neighbor—he's the oil heating specialist and he will advise you wisely and with your particular needs in mind. Remember too—to look for your "Symbol of Confidence" for your neighbor is a member of the Oakland Oil Heat Council...
